IX. PRIORITIZATION OF SERVICES

Guam SOA, DPHSS, DSC recognizes the unique situation in which the demand for services may outweigh the available resources. Therefore, the following scale shall be used as a guideline to prioritize the provision of services to those in greatest socio-economic need, as necessary and directed by the Guam SOA:

1. **Purpose.** When demand outweighs resource, the Offeror shall request from the Guam SOA for the activation of the Prioritization of Services. In addition to the request to activate the Prioritization of Services, the Offeror shall also state what it would take to address the wait-list to include projected cost to address the wait-list.
2. **Need.** Based on the need to activate this provision, the number of persons to be served will be determined by the existing conditions at the time of implementation. In the event that the number of available slots is not sufficient to provide services to the number of persons determined, to be at-risk and in need of services, the number of Activities of Daily Living (ADL) impairments will be applied to this distinct group as an additional determining factor as to who will receive for services from this program.
3. **Procedures.** When the Offeror receives notification from the Guam SOA to activate the application of the Prioritization of Services point system, the entire list of eligible clients shall be ranked. The entire list is defined as all who are receiving services, those on a partial or wait list, as well as new referrals.

Upon receiving approval to proceed with the activation of the Prioritization of Services or is guided by the Guam SOA otherwise, the Offeror shall act according to the response provided by the Guam SOA.

In the event the decision is to activate the Prioritization of Services, the guide provided will be used to determine of all registered clients in the program, the ranking order of the clients in greatest socio-economic need with the client listed as number 1 being the first client to receive services.

The Prioritization of Services scale will be based on a point system in three (3) focal areas, the older individual's: (1) mobility, (2) degree of existing support system, and (3) housing condition.

Activities of Daily Living (ADL) – The inability to perform one or more of the following six Activities of Daily Living without personal assistance, stand-by assistance, supervision or cues: <i>eating, dressing, bathing, toileting, transferring in and out of bed/chair, and walking.</i>	
Point System	1 point will be added to clients with 1-2 ADL impairments.
	2 points will be added to clients with 3-4 ADL impairments.
	3 points will be added to clients with 5-6 ADL impairments.

Another determining factor in this point system may include whether the older individual is responsible for the care of a dependent. Clients will be given an additional one (1) point if they are also caregivers. Any application of a scale of similar or like form is permissible provided prior authorization is granted by the Guam SOA.

Greatest priority will be given to older individuals in descending order, with nine (9) being the highest possible points garnered translating to the older individual in greatest socio-economic need.

Point System	Mobility	Support System	Housing Condition
1	Cane or Walker	Support available; but not living in same household	Full concrete structure
2	Wheelchair users	Minimal support; but not regularly available	Semi-concrete structure
3	Homebound and bedridden	No support system in place	Tin and wood structure

After applying the Prioritization of Services (POS) and the demand for services still outweigh the available resources the Offeror is required to advise the Guam SOA who will provide additional guidance and direction to the Offer as to other variables and/or conditions to assess to reduce the demand to meet the available resources. At

the time of the initial assessment, clients, to include their caregivers, will be informed that when the prioritization of services is implemented and the client is not determined to be in greatest social and economic need, upon written notification, they would be removed from the program until such time a slot is open and they are identified, after all clients have been re-prioritized, that they are determined to be next qualified to be re-instated into the program. There shall be a 30 day transition period for clients removed from the program.

4. The catalyst for the POS to be activated by the Guam SOA is dependent on the Guam SOA receiving official notification from the Offeror that all vacancies are filled, there are no funds available for reprogramming to address the waitlist, and there are clients on the wait list for over 30 calendar days. The Offeror is required to provide written notification and state the cost to provide services to those on the waitlist and partial services list as well as the cost to provide services to additional clients for the remainder of the contract year.
5. When the Offeror receives notification from the Guam SOA to activate the application of the (POS) point system, the entire list of eligible clients will be ranked. The entire list is defined as all who are receiving services, those on a partial or waiting list, as well as new referrals. The Offeror is required to advise all Case Management Services (CMS) clients of this provision which will also be documented in each case file.
6. In the event the Offeror implements the POS absent the notification from the Guam SOA, the Offeror's Monthly Program Invoice (MPI) shall be reduced by 25% for non-compliance with this provision of the agreement.

- c. **Compensation.** Payment for completed professional services delivered and accepted by DPHSS, DSC shall be per the Compensation for Services section agreed to in this contract. DPHSS, DSC may withhold from amounts due Contractor such sums as DPHSS, DSC deems to be necessary to protect DPHSS, DSC against loss because of outstanding liens or claims of former lien holders and to reimburse DPHSS, DSC for the excess costs incurred in procuring similar professional services. Contractor may pursue its rights under the Mandatory Disputes section of this Agreement, and the Guam Procurement Laws and Regulations if it disagrees with DPHSS, DSC's decision with regard to compensation.
- d. **Excuse for Nonperformance or Delayed Performance.** Except with respect to defaults of subcontractors, Contractor shall not be in default by reason of any failure in performance of this contract in accordance with its terms (including any failure by the Contractor to make progress in the prosecution of the work hereunder which endangers such performance) if Contractor has notified the Director of DPHSS within 15 days after the cause of the delay and the failure arises out of causes such as: acts of God; acts of the public enemy; acts of the territory and any other governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if such failure arises out of causes similar to those set forth above, Contractor shall not be deemed to be in default, unless the supplies or services to be furnished by the subcontractor were reasonably obtainable from other sources in sufficient time to permit Contractor to meet the Agreement requirements. Upon request of Contractor, the Director of DPHSS shall ascertain the facts and extent of such failure, and, if such officer determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the Contractor's progress and performance would have met the terms of the Agreement, the delivery schedule shall be revised accordingly, subject to the rights of the territory under the clause entitled (in fixed-price contracts, "Termination" for Convenience in cost-reimbursement contracts) "Termination". (As used in this Paragraph of this clause the term "subcontractor" means subcontractor at any tier.)
- e. **Erroneous Termination for Default.** If, after notice of termination of the Contractor's right to proceed under the provisions of this clause, it is determined for any reason that Contractor was not in default under the provisions of this clause, or that the delay was excusable under the provisions of Paragraph (4) (Excuse for Nonperformance or Delayed

Performance) of this clause, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the territory, be the same as if the notice of termination had been issued pursuant to such clause. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the territory, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the Contractor's rights under Chapter 9 (Legal and Contractual Remedies) of the Guam Procurement Regulations.

- f. **Additional Rights and Remedies.** The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law or under this Agreement.
- g. **Liquidated Damages.** To the extent applicable to this Agreement, when the Contractor is given notice of delay or nonperformance as specified above in the Termination for Default Clause of this contract and fails to cure in the time specified, the Contractor shall be liable for damages for delay in the amount of one-fourth of one-percent (1%) of outstanding order per calendar day from date set for cure until either the territory reasonably obtains similar supplies or services if the Contractor is terminated for default, or until the Contractor provides the supplies or services if the Contractor is not terminated for default. To the extent that the Contractor's delay or nonperformance is excused under the Paragraph Excuse for Nonperformance or Delayed Performance of the Termination for Default Clause of this contract, liquidated damages shall not be due DPHSS, DSC. The Contractor remains liable for damages caused other than by delay.
- h. **In Other Situations.** If the contract will not have a termination for Default Clause or the liquidated damages are to be assessed for reasons other than delay, the Director of DPHSS may approve the use of any appropriate liquidated damages clause.

11. **TERMINATION FOR CONVENIENCE.**

- a. **Termination.** The Director of DPHSS may, when the interest of DPHSS, DSC so require, terminate this contract in whole or in part, for the convenience of DPHSS, DSC. DPHSS, DSC shall give written notice of the termination to the Contractor specifying the part of the contract terminated and when termination becomes effective.
- b. **Contractor's Obligations.** Contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. Contractor shall also terminate outstanding orders and subcontracts as they

relate to the terminated professional services. Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated professional services. DPHSS, DSC may direct the Contractor to assign Contractor's right, title, and interest under terminated orders or subcontracts to the territory. Contractor must still complete the professional services not terminated by the notice of termination and may incur obligations as are necessary to do so.

In the event there are any deliverables and/or reports due per this Agreement, the Contractor and DPHSS, DSC shall meet and set up the delivery dates for those items if not set forth in the written notice of termination.

- c. **Compensation.** Contractor shall invoice DPHSS, DSC in keeping with the Compensation for Services section of this Agreement for Contractor's professional services performed up to the date of termination.

If the controversy is not resolved by mutual agreement, then the Contractor shall request DPHSS, DSC in writing to issue a final decision within 60 days after receipt of the written request. If DPHSS, DSC does not issue a written decision within 60 days after written request for a final decision, or within such longer period as may be agreed upon by the parties, then the Contractor may proceed as though DPHSS, DSC had issued a decision adverse to the Contractor.
- b. DPHSS, DSC shall immediately furnish a copy of the decision to the Contractor, by certified mail with a return receipt requested, or by any other method that provides evidence of receipt.
- c. DPHSS, DSC's decision shall be final and conclusive, unless fraudulent or unless the Contractor appeals the decision.
- d. This subsection applies to appeals of DPHSS, DSC's decision on a

dispute. For money owed by or to DPHSS, DSC under this Agreement, the Contractor shall appeal the decision in accordance with the Government Claims Act by initially filing a claim with the Office of the Attorney General no later than 18 months after the decision is rendered by DPHSS, DSC or from the date when a decision should have been rendered. For all other claims by or against DPHSS, DSC arising under this Agreement, the Office of Public Accountability has jurisdiction over the appeal from the decision of DPHSS, DSC. Appeals to the Office of Public Accountability must be made within 60 days of DPHSS, DSC's decision or from the date the decision should have been made.

- e. The Contractor shall exhaust all administrative remedies before filing an action in the Superior Court of Guam in accordance with applicable laws.
- f. The Contractor shall comply with DPHSS, DSC's decision and proceed diligently with performance of this Agreement pending final resolution by the Superior Court of Guam of any controversy arising under, or by virtue of, this Agreement, except where the Contractor claims a material breach of this Agreement by DPHSS, DSC. However, if DPHSS, DSC determines in writing that continuation of services under this Agreement is essential to the public's health or safety, then the Contractor shall proceed diligently with performance of the Agreement notwithstanding any claim of material breach by DPHSS, DSC.

GUAM**

Procurement No.: _____

Name of Offeror Company: _____

I, _____ hereby **certify under penalty of perjury:**

(1) That I am _____ [*please select one: the offeror, a partner of the offeror, an officer of the offeror*] making the bid or proposal in the foregoing identified procurement;

(2) That I have read and understand the provisions of 5 GCA § 5801 and § 5802 which read:

§ 5801. Wage Determination Established.

In such cases where the government of Guam enters into contractual arrangements with a sole proprietorship, a partnership or a corporation ("contractor") for the provision of a service to the government of Guam, and in such cases where the contractor employs a person(s) whose purpose, in whole or in part, is the direct delivery of service contracted by the government of Guam, then the contractor shall pay such employee(s) in accordance with the Wage Determination for Guam and the Northern Mariana Islands issued and promulgated by the U.S. Department of Labor for such labor as is employed in the direct delivery of contract deliverables to the government of Guam.

The Wage Determination most recently issued by the U.S. Department of Labor at the time a contract is awarded to a contractor by the government of Guam shall be used to determine wages, which shall be paid to employees pursuant to this Article. Should any contract contain a renewal clause, then at the time of renewal adjustments, there shall be made stipulations contained in that contract for applying the Wage Determination, as required by this Article, so that the Wage Determination promulgated by the U.S. Department of Labor on a date most recent to the renewal date shall apply.

§ 5802. Benefits.

In addition to the Wage Determination detailed in this Article, any contract to which this Article applies shall also contain provisions mandating health and similar benefits for employees covered by this Article, such benefits having a minimum value as detailed in the Wage Determination issued and promulgated by the U.S. Department of Labor, and shall contain provisions guaranteeing a minimum of ten (10) paid holidays per annum per employee.

(3) That the offeror is in full compliance with 5 GCA § 5801 and § 5802, as may be applicable to the procurement referenced herein;

(4) That I have attached the most recent Wage Determination **applicable to Guam** issued by the U.S. Department of Labor. Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections

under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.41 per hour or \$176.40 per week or \$764.40 per month

HEALTH & WELFARE EO 13706: \$4.13 per hour, or \$165.20 per week, or \$715.87 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1)).

COMPLIANCE WITH FEDERAL LAWS AND REGULATIONS

**Department of Public Health and Social Services
Division of Senior Services
U.S. Department of Health and Human Services
Administration of Community Living – Older Americans Act Title III
Federal Grant Funds**

Offeror/Bidder/Contractor/Subrecipient by signing below agree to comply with HHS Requirements which follow:

(See <https://www.acl.gov/grants/managing-grant#3> for a complete listing of Terms and Conditions; including HHS Grants Policy Statement as to the flow-down of clauses and requirements; the Uniform Guidance 2 CFR Part 200 and 45 CFR, Part 75 for HHS Awards – Contract Provisions, and the Notice of Grant Award).

A. Standards of Conduct for Recipient Employees.

HHS requires recipients to establish safeguards to prevent employees, consultants, members of governing bodies, and others who may be involved in grant-supported activities from using their positions for purposes that are, or give the appearance of being, motivated by a desire for private financial gain for themselves or others, such as those with whom they have family, business, or other ties. These safeguards must be reflected in written standards of conduct. Except as provided below, HHS does not require a recipient to establish separate standards of conduct if it maintains such standards for its non-grant-supported activities, as long as those standards are consistent with State and local laws and cover, at a minimum, expected conduct in regard to financial interests, gifts, gratuities and favors, nepotism, and such other areas for governmental organizations as political participation and bribery.

The standards also must do the following:

- Address the conditions under which outside activities, relationships, or financial interests are proper or improper.
- Provide for advance notification of outside activities, relationships, or financial interests to a responsible organizational official.
- Include a process for notification and review by the responsible official of potential or actual violations of the standards.
- Specify the nature of penalties that the recipient may impose. These penalties would be in addition to any penalties that HHS or a cognizant Federal agency may impose for infractions that also violate the terms and conditions of award.

Recipients are not required to submit its general standards of conduct to HHS for review or approval. However, a copy must be made available to each of the recipient's officers; each employee and consultant working on the grant-supported program, project, or activity; each member of the governing board, if applicable; and, upon request, the OPDIV. The recipient is responsible for enforcing its standards of conduct, taking appropriate action on individual infractions, and, in the case of financial conflict of interest, informing the GMO if the infraction is related to a research award (see "Other Research-Related Requirements—Financial Conflict of Interest" for the specific regulatory requirements that apply to financial conflict of interest under research grants).

If a suspension or separation action is taken by a recipient against a PI/PD or other key personnel, the recipient must request prior approval of the proposed replacement.

B. Hatch Act.

The Hatch Act restricts political activity of executive branch employees of the federal government and District of Columbia government employees (5 U.S.C. 7321–7328) and State or local officers or employees (5 U.S.C. 1501–1528). "State or local officer or employee" means an individual employed by a State or local agency whose principal employment is in connection with an activity that is financed in whole or in part by loans or grants made by the United States or a Federal agency. (Certain State educational or research institutions are excluded from this definition.)

C. Age Discrimination Act of 1975.

The Age Discrimination Act of 1975, 42 U.S.C. 6101 *et seq.*, prohibits discrimination on the basis of age in any program or activity receiving Federal financial assistance. The HHS implementing regulations are codified at 45 CFR part 91.

D. Civil Rights Act of 1964.

Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d *et seq.*, provides that no person in the United States will, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The HHS implementing regulations are codified at 45 CFR part 80.

E. Education Amendments of 1972.

Title IX of the Education Amendments of 1972, 20 U.S.C. 1681, 1682, 1683, 1685, and 1686, provides that no person in the United States will, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance. The HHS implementing regulations are codified at 45 CFR part 86.

F. Rehabilitation Act of 1973.

Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, as amended, provides that no otherwise qualified handicapped individual in the United States will, solely by reason of the handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. These requirements pertain to the provision of benefits or services as well as to employment. The HHS implementing regulations are codified at 45 CFR parts 84 and 85.

G. Conflict of Interest.

Subrecipients must establish personnel policy to prevent employees, consultants, members of governing bodies, and others involved in grant-supported activities from using their positions for purposes that are, or give the appearance of being, motivated by a desire for private financial gain for themselves or others, such as those with whom they have family, business, or other ties. The personnel policy must:

- Address the conditions under which outside activities, relationships, or financial interests are proper or improper.
- Provide for advance notification of outside activities, relationships, or financial interests to a responsible organizational official.
- Include a process for notification and review by the responsible official of potential or actual violations of the standards.
- Specify the nature of penalties that may be imposed for violations.

H. Drug-Free Workplace.

The personal policy must include the following:

- Employees must notify management, as a condition of employment, in writing within five calendar days, if they are convicted of violating a criminal drug statute.
- Appropriate personnel action must be taken, within 30 calendar days, against any employee convicted of violating a criminal drug statute up to and including termination, or require the employee to participate satisfactorily in a federal, state, local, or law enforcement-approved drug abuse assistance or rehabilitation program.
- Federal agencies must be notified in writing, within 10 calendar days, if any employee engaged in the performance of an award is convicted of violating a criminal drug statute.

- All sub-award information must be reported by the prime awardee.

L. Same-Sex Marriage – United States v. Windsor, 133 S.Ct. 2675 (June 26, 2013); section 3 of the Defense of Marriage Act, codified at 1 USC § 7.

All grantees are expected to recognize any same-sex marriage legally entered into in a U.S. jurisdiction that recognizes their marriage, including one of the 50 states, the District of Columbia, or a U.S. territory, or in a foreign country so long as that marriage would also be recognized by a U.S. jurisdiction. This applies regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. However, this does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage. Accordingly, recipients must review and revise, as needed, any policies and procedures which interpret or apply Federal statutory or regulatory references to such terms as “marriage,” “spouse,” family,” “household member” or similar references to familial relationships to reflect inclusion of same-sex spouse and marriages. Any similar familial terminology references in HHS statutes, regulations, or policy transmittals will be interpreted to include same-sex spouses and marriages legally entered into as described herein. The ACL has issued guidance as to same-sex marriage and its grant funds. In the event that the guidance applies to this procurement, then Contractor agrees to comply with any and all requirements of the ACL with regard to its guidance on same-sex marriage.

P. Federal Awardee Performance and Integrity Information System (FAPIIS).

As required by 2 CFR 200 Appendix XII of the Uniform Guidance, non-federal entities (NFEs) are required to disclose in FAPIIS any information about criminal, civil, and administrative proceedings, and/or affirm that there is no new information to provide. This applies to NFEs that receive federal awards (currently active grants, cooperative agreements, and procurement contracts) greater than \$10,000,000 for any period of time during the period of performance of an award/project.

The Duncan Hunter National Defense Authorization Act of 2009 (Public Law 110-417) was enacted on October 14, 2008. Section 872 of this Act required the development and maintenance of an information system that contains specific information on the integrity and performance of covered federal agency contractors and grantees. FAPIIS was developed to address these requirements. FAPIIS provides users access to integrity and performance information from the FAPIIS reporting module in the Contractor Performance Assessment Reporting System (CPARS), proceedings information from the Entity Management section of the System for Award Management (SAM) database, and suspension/debarment information from the Performance Information section of SAM. See [2 CFR 200 Appendix XII](#) for full citation.

Offeror/Bidder/Contractor/Subrecipient agrees to provide DPHSS, DSC a copy of their written policies and procedures in compliance with the above, upon DPHSS, DSC's request.

**Guam Department of Public Health & Social Services
Division of Senior Citizens**

Federal Funds

Uniform Guidance 2 CFR Part 200 (Appendix II) and 45 CFR, Part 75 (Appendix II) for HHS Awards – Contract Provisions

Offeror/Bidder/Contractor by signing below acknowledges, to the extent applicable, the following contract clauses apply to it in this procurement; and must be flowed down by Offeror/Bidder/Contractor in its contracts with subcontractors.

This procurement is funded in whole or part with federal funds (or is anticipated to be funded by federal funds in the future). The undersigned Contractor by affixing its signature below certifies its compliance to following, contract provisions, as applicable. (See 2 CFR Part 200 and 45 CFR, Part 75 for HHS Awards).

**Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards and
Appendix II to Part 75—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards**

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the

work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) Procurement of Recovered Materials (see 2 CFR §200.322)—A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

See §75.331 Procurement of recovered materials.

ATTACHMENT C - AGING PROGRAM SERVICES

Through funding from the ACL, Administration on Aging, as authorized through the Older Americans Act of 1965, as amended, the Guam SOA provides the following services, either directly or through contract:

A) Title III-B Supportive Services

Services include three Adult Day Care Centers, Case Management Services, In-Home Services, Legal Assistance Services, 12 Senior Citizens Centers, and Fixed and Non-Fixed Transportation Services. These services comprise a component of the formal support system for older individuals to assist them in maintaining their independence, dignity and quality of life. Additionally, these services protect their fundamental rights and distinct privileges as older individuals residing on Guam.

1) Adult Day Care (ADC)

The three ADC Centers provides a respite type program for older adults who are unable to function at home without supportive services and who do not need 24 hour care. Activities are individualized and consider the education, social, therapeutic, spiritual, and recreational needs of the older individual. Of the three (3) facilities authorized as ADC Centers, one (1) located in Dededo specifically serves clients with confirmed cases of dementia (ADC: Dementia Center), the other located in Barrigada serves all other eligible clients (ADC), and the third center located in Inarajan serves both clients with and without dementia, providing care to a combined approximate total of 94 clients at any given time of the day.

2) Case Management Services (CMS)

The CMS program provides services to elderly individuals in a systematic process of assessment and reassessment, planning, service and care coordination, referral, and monitoring whereby multiple service needs of clients are met with available resources, and unmet needs identified. The CMS program serves as the point of entry for the Adult Day Care, In-Home Services and Elderly Nutrition (Home-Delivered Meals) programs. Other services provided include, but is not limited to providing information and referral, assistance in applying for public assistance (housing, welfare, Medicaid, MIP, legal services, etc.), assisted transportation, money management, and picking up medications. The provision of CMS services is performed through traditional casework practices with the client and caseworker developing a person-centered Individualized Care Plan (ICP) that reflects the needs and desires of the client. The client is provided options for long-term services and supports (LTSS) and it is the client who decides which if any of the LTSS is going to be accessed or a referral is made for services. Further, the staff of this program collaborate with local health facilities (i.e. hospital) to transition clients back to their homes or in some cases from their participation at one of the 12 Senior Citizens Centers to one of the three Adult Day Care Centers. The Guam SOA is working on contracting the development of the web-based information and management system that establishes communication among participating agencies in order to increase access of seniors age 50 and older and adults 18 and older with disabilities to information and linkages to long-term services and supports.

3) In-Home Services (IHS)

The IHS program provides assistance to frail individuals who are without a caretaker and are at risk of institutionalization due to limitations on their ability to function independently, as well as to frail individuals who have a caretaker, but who may need additional assistance with personal care and chore services at home. This program is an essential part of the overall support that caregivers may need to keep their senior family member at home and to prevent premature institutionalization, abuse and off-island placements.

4) Legal Assistance Services (LAS)

Legal Assistance Services provides legal advice and representation by an attorney to older individuals with economic or social needs and includes to the extent feasible, counseling or other appropriate assistance by a paralegal or law student under the direct supervision of an attorney; and counseling or representation by a non-lawyer where permitted by law to approximately 300 eligible older individuals.

5) Senior Center Operations (SCO)

The SCO program provides services designed to enable older individuals attain and maintain physical and mental well-being by addressing their physical, social, psychological, economic, educational, and recreational and health needs. SCO services are available to individuals age 60 years or older and their spouse below age 60, provided the spouse is accompanying the participating senior. The Centers offers participants a broad spectrum of services and activities, which at a minimum, include information and assistance, disease prevention and health promotion activities, health and wellness programs, recreational opportunities, arts programs, volunteer opportunities, educational opportunities, multi-generational activities, social and community interaction opportunities, activities to support annual Senior Citizens' Month Celebrations, and other special activities and services. The 12 Senior Centers are located in the villages of Agana Heights, Agat, Astumbo, Dededo, Inarajan, Mangilao, Merizo, Santa Rita, Sinajana, Tamuning, Yigo, and Yona/Talofofo.

6) Transportation Services Program (TSP)

The TSP provides transportation services to older persons who are unable to operate a vehicle or have no mode of transportation to enable them to gain mobility and independence in accessing essential services. Persons who are frail, homebound by reason of illness or incapacitating disability, or otherwise isolated, are given priority in the delivery of transportation services. Services may also be available to a non-senior spouse or escort accompanying the older participating individual. Vehicles used to transport older individuals who have a disability are in compliance with the requirements of the Americans with Disabilities Act. The TSP consists of two (2) service components:

Transportation (General). This is a door-to-door service that provides transportation for the senior from their home to one of the 12 Senior Citizens' Centers and three (3) Adult Day Care Centers, with a return trip home upon conclusion of the day's activities. This service applies to all adults, age 60 years and older and their accompanying spouse. Many of these persons would be homebound with no means of transportation without this service.

Assisted Transportation. The Assisted Transportation service provides assistance, including escort, to a senior who has difficulties (physical or cognitive) using regular vehicle transportation. This service provides transportation from their homes to specifically requested medical services such as: doctor's appointments, lab tests, therapy, pick up of prescriptions, dental appointments, and access to medical-related services (i.e., Medicare, Medicaid).

B) Title III-C Nutrition Services

This program ensures the provision of a hot, nutritious meal that meets a minimum of 33 and 1/3 percent of the current daily Recommended Dietary Allowance (RDA), as established by the Food and Nutrition Board of the National Academy of Sciences, National Research Council. The meal service provided is lunch and the Guam SOA has designed the nutrition services contract to provide additional meal service, such as breakfast or dinner, should additional local funds be appropriated.

1) Elderly Nutrition Program (ENP) – Congregate Meals (C1). ENP C1 services are provided to individuals age 60 years or older and their spouse, regardless of age, if accompanying the senior, in a congregate setting Monday through Friday, except on Federal and local holidays. The Government reserves the option of providing meals to volunteers working at the Centers and to individuals who have a disability whom otherwise meet Federal and local criteria. There are 15 congregate sites which include the 12 Senior Citizens Centers and the three Adult Day Care Centers.

2) Elderly Nutrition Program (ENP) – Home-Delivered Meals (C2). The ENP C2 provides nutrition services to individuals age sixty (60) years or older who are home-bound and have difficulty performing at least two Activities of Daily Living and their spouse who serves as a primary caregiver regardless of age, in a home setting Monday through Sunday, except on the 10 recognized holidays as determined by the contracted vendor. If a senior accesses this service to its maximum service level, the senior could avail themselves of 355 meals in a fiscal year.

C) Title III-D Preventive Health

The Guam SOA provides Preventive Health services and information at the Senior Citizens Centers and Adult Day Care Centers. The objectives are to provide older individuals with opportunities for increased life expectancy and improved health and quality of life, and to enhance access to public and private programs that promote physical and mental well-being (Senior Outreach); to establish collaborative partnerships with public and private programs, agencies and organizations in the area of preventive health (Collaboration and Partnership); and to provide technical assistance in the establishment of government policies and programs that promote healthy aging and disease prevention, and that ensure access to quality health and long-term care (Systems and Policy). The Guam SOA shall, to the fullest extent possible, assure collaboration with and utilization of preventive health services provided by other departmental programs, public agencies, and community organizations.

Further, in FY 2015 the Guam SOA will be submitting to the DPHSS Director for his submission to the Association of State and Territorial Health Officials (ASTHO) the evidence-based work that has been and continues to be contractually performed by the University of Guam -

Cooperative Extension Program at the Senior Citizens and Adult Day Care Centers. The evidence-based project is from the National Council on Aging's "*Healthy Eating for Successful Living in Older Adults*".

D) Title III-E National Family Caregiver Support Program (NFCSP)

Provides support services to families and older individuals that are relative caregivers caring for their frail elderly family members and to grandparents or older individuals who are relative caregivers of children who are 18 and under or adults with disability. The NFCSP provides the five basic services required by the Older Americans Act, as amended in 2006, as follows: information to caregivers about available services; assistance to caregivers in gaining access to supportive services; individual counseling, organization of support groups, and caregiver training to caregivers to assist the caregivers in making decisions and solving problems relating to their care giving roles; respite care to enable caregivers to be temporarily relieved from their care giving responsibilities; and supplemental services, on a limited basis, to complement the care provided by caregivers. The Guam SOA will be submitting to the DPHSS Director for his submission to ASTHO the body of work on caregiver training for para-professionals (paid caregivers) and the unpaid family caregivers. The caregiver training is being led by the tri-agency partners, which includes the Guam Community College's Allied Health, the Health Services of the Pacific, and the Guam SOA.

E) Title VII - Elder Rights

1) Elder Abuse Prevention

100% Federal funding provides resources for off-island training of staff, outreach and educational activities, and cost-sharing for administrative supplies, materials, and equipment in support of the locally funded Bureau of Adult Protective Services.

2) Long Term Care Ombudsman (LTCO) Program

Services provided by the LTCO protect the health, safety, welfare and rights of elderly residents of long-term care and assisted living facilities by identifying, investigating and resolving complaints made by and on behalf of them. Currently, Guam does not have an assisted living facility; however, a task force has been convened to develop and establish an assisted living facility on Guam. A Social Worker III within the Bureau of Adult Protective Services is designated as Guam's State Long-Term Care Ombudsman, and conducts regular visits to facilities such as St. Dominic's Senior Care Home, Guam Memorial Hospital Skilled Nursing Unit (SNU) and the three Adult Day Care (ADC) Centers. This position is funded 40% Federal and 60% local. The Ombudsman also serves as a facilitator during monthly Resident Council meetings at the SNU and St. Dominic's Senior Care Home, as well as conducts scheduled presentations to disseminate information about program services to residents, family members, caregivers and employees.

The Guam SOA administers the following locally funded aging programs:

F) Adult Protective Services (APS)

The program is mandated by P.L. 19-54 as amended by P.L. 21-33 and P.L. 31-278, to provide protective services to elderly persons, age 60 years and above and adults who have a disability, age 18 and above who have been abused, neglected and/or exploited.

Services to the elderly and adults who have a disability are provided in a manner least restrictive to the dignity of the alleged victim and in consideration of the values and practices of their culture. Reports of alleged abuse are received and investigations and initial assessments are provided while a 24-hour Emergency Receiving Home and 24-hour Crisis Intervention Hotline Service are closely coordinated and maintained. Initiation, development and technical support for community and family services are also offered to include training for public awareness and education.

1) Emergency Receiving Home (ERH) Program

A component of the local Adult Protective Services (APS) Program, the Emergency Receiving Home (ERH) Program/Crisis Intervention Hotline is a contracted service which provides protective services seven days a week, 24-hours a day, ensuring that elderly and adults with disabilities who are victims of abuse have access to APS at all times. The availability of the ERH has proven essential to the community, ensuring the safety and protection of victims of serious abuse and neglect, in an emergency. The shelter affords victims the opportunity to escape their abusive situation, a 'safe haven', until other living arrangements can be made. Further, the ERH will be called the "Guma Serenidad" (Home of Serenity) effective December 1, 2015 when the new contract is in place.

G) Senior Citizens Month (SCM)

Senior Citizens Month is a time honored tradition to recognize the accomplishments, achievements and contributions our island's senior citizens have made and continue to make that shape our island's economy, lifestyle, and value system. Since the enactment of Public Law 17-35 in 1983, our island community has proclaimed May as Senior Citizens Month.

The aging network, in collaboration with several governmental agencies and non-profit and for profit organizations, provides a number of activities in celebration of the month. Traditionally, annual festivities include the Proclamation Signing, Guam Conference on Aging, Legislative Reception, Guam SMP/SHIP Volunteer Appreciation Activity, Frail Elderly Mass, May Crowning, and a Centenarian Celebration. In 2013, seniors were sponsored to attend the annual Micronesia Island Fair to enjoy local music, cuisine, and arts and crafts. In 2014, two new events were introduced, a Memory Wave to promote awareness of the impact of Alzheimer's disease on the island's senior population and the "Biba Manamko" Drive to invite the community to donate items, such as sundry and cleaning supplies, to be used by the clients of the Adult Day Care Centers or the National Family Caregiver Support Program. In 2015, through the sponsorship of the GovGuam Association of Retired Persons, a Senior Talent Show and Competition was held to showcase and feature talent of Senior Center participants in singing, dancing, and story-telling. The growing community involvement with non-profits, for profits, governmental agencies, and giving individuals have contributed to the successful month-long celebration of Senior Citizens Month.

The Guam SOA administers the following federally funded Medicare based programs:

H) Guam State Health Insurance Assistance Program (Guam SHIP)

Funded in part by the Administration for Community Living, Guam's SOA, has been administering the Guam State Health Insurance Assistance Program, locally recognized as the Guam Medicare Assistance Program (Guam MAP), since 2004. The Bureau of Community Support (BCS) program staff, partners and a cadre of volunteers assists Medicare beneficiaries who need information, counseling, and enrollment assistance beyond what they are able to receive on their own through 1-800-MEDICARE and www.medicare.gov. Staff, partners and volunteers are trained to provide accurate and objective information to help beneficiaries understand and utilize their Medicare benefits through personalized counseling, education, and outreach to assist Medicare beneficiaries make informed health care decisions.

Guam SOA uses grant funding to pursue four (4) SHIP program objectives: One-on-One Counseling, Outreach, Quality Assurance, and Collaboration with ACL.

I) Guam Senior Medicare Patrol Project (Guam SMP)

In 2005, Guam SOA received a one year demonstration grant award from the Administration on Aging (AoA) to administer the Guam Senior Medicare Patrol (SMP) Project. Thereafter, Guam SOA has received funding through a continuous application process. The goal of Guam SMP is to continue expanding Project outreach and education activities to empower Medicare/Medicaid beneficiaries, family members, caregivers and other consumers, to protect themselves against Medicare/Medicaid error, fraud and abuse and know where to report it. In collaboration with Guam MAP, Guam SMP develops, plans and implements various activities to meet its Project objectives.

The Guam SOA is developing the following program or initiative:

J) Aging and Disabilities Resource Center (ADRC)

The Guam ADRC Project, established in 2005, was a project funded by a Federal grant awarded by the Administration on Aging and the Centers for Medicare and Medicaid Services to the Guam Department of Mental Health and Substance Abuse and administered by the Department of Integrated Services for Individuals with Disabilities (DISID).

The project goals were to:

1. Decrease the amount of time between referral and intake;
2. Increase diversions from institutional settings;
3. Increase awareness about Medicare/Medicaid benefits (including Part D coverage); and
4. Decrease rates of hospital readmissions within 30 days of discharge.

A primary component of the Guam ADRC Project is the development of a virtual or web-based consumer information and management system that establishes electronic communication among participating agencies in order to increase access of seniors (defined as individuals age 60 or older) and adults (defined as individuals aged 18 or older) with disabilities to information and linkages to long-term supports and services. As of this writing, through emergency procurement, Guam GetCare can be accessed through www.guamgetcare.com. The Guam GetCare System:

1. Provides an avenue to obtain information on existing programs for senior citizens and persons with disabilities;
2. Allows registered consumers access to their personal profile;
3. Provides service providers and vendors with tools for collecting and inputting consumer data; and
4. Eventually will allow service providers and vendors a means to make electronic referrals.

To fortify the aging network's commitment to integrate and utilize the Guam GetCare system, the Guam State Office on Aging entered into a Memorandum of Understanding (MOU) with DISID in 2007.

The goals of Guam GetCare are to:

1. Implement a No-Wrong-Door process, ensuring that everyone has the same access to information and resources, regardless of where he or she enters the system.
2. Develop a one-stop resource linking seniors and adults with disabilities to services.
3. Help consumers have more control over decisions regarding the service they receive.
4. Allow professionals to spend more time focusing on consumers and less time searching for information or filling out paperwork.
5. Use technology to improve the access to, and delivery of, services for seniors and adults with disabilities.
6. Combine the resources, experience and energy of the public and private sectors to make a system that's right for everyone who needs long-term supports and services.

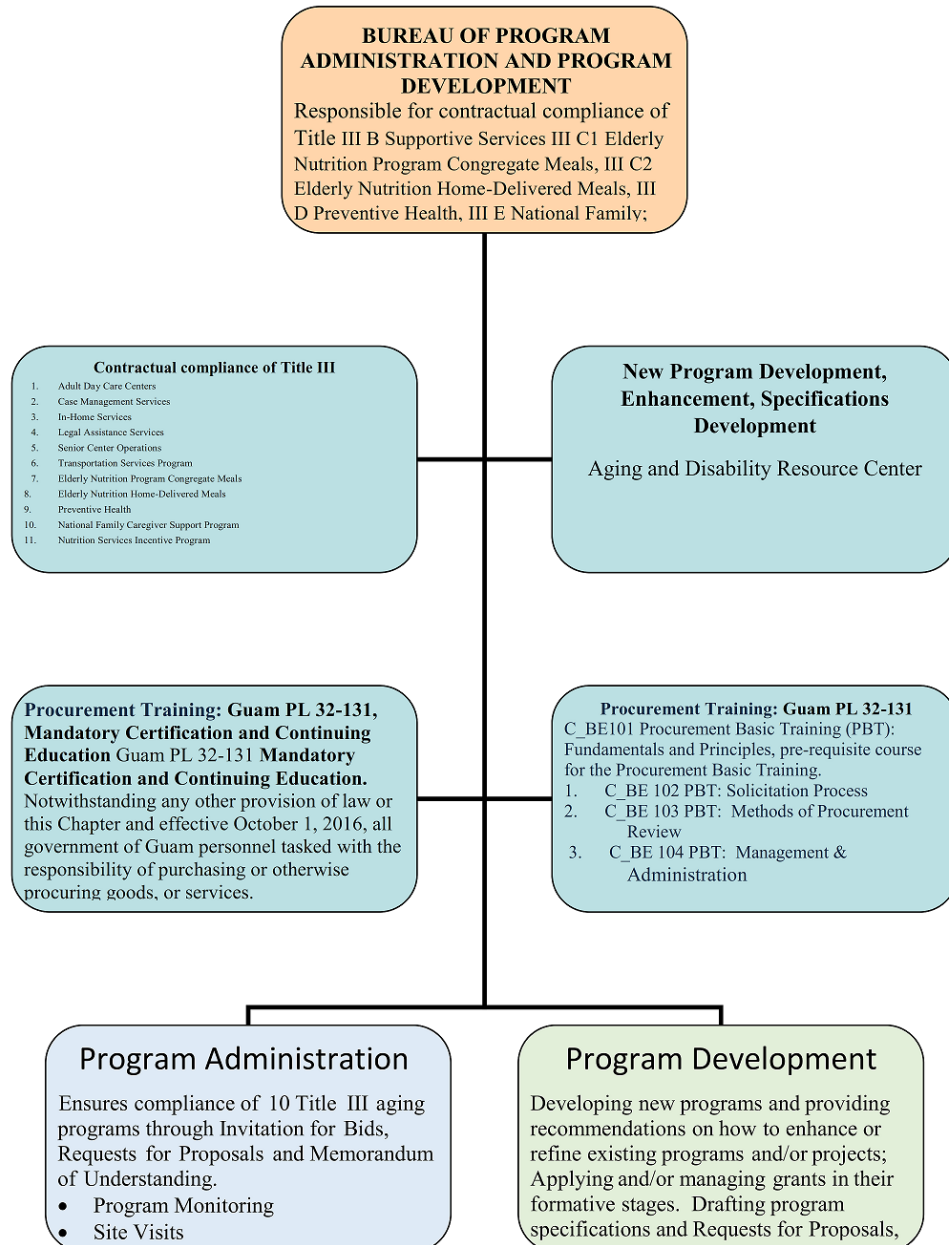

As of this writing, the service providers and vendors of aging programs utilize the web-based tool, a feature of the Aging and Disability Resource Center System for Information and Referral, Intake, Consumer Assessment, Enrollment and/or Case Management to better assist clients navigate through the myriad of services. The system is also used by aging program providers to submit their Units of Services; to report data on clients receiving aging services. Further, the system is used to generate the National Aging Program Information System (NAPIS) report, provides a resource directory for consumers on Guam to access services and supports and provides a community calendar.

As Federal funds were not available on October 1, 2014, the ADRC is funded using local funds and the Guam SOA has assumed responsibility for the continued implementation of the ADRC.

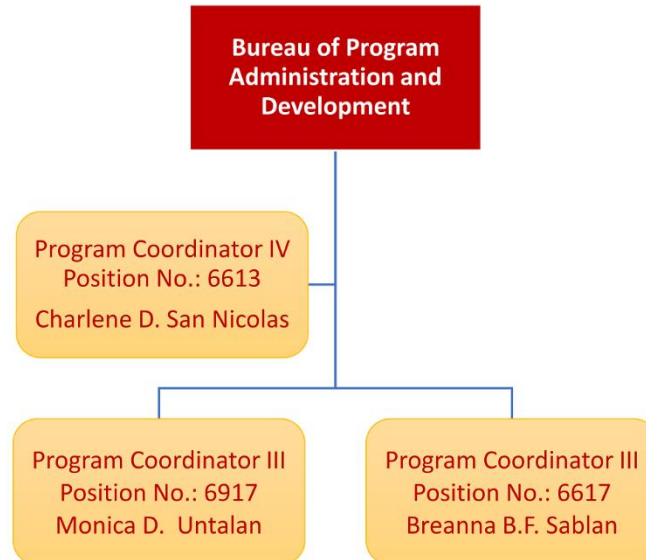

K) Macheche Senior Citizen Center

On June 13, 2015, Public Law 33-53 lapsed into law to expand the Department of Public Health and Social Services (DPHSS) Division of Senior Citizens provision of Senior Citizen Center services through the operation of a new Macheche Senior Citizen Center by authorizing the transfer of fifty thousand nine hundred dollars (\$50,900) from the Executive Branch appropriations contained in the FY 2015 Budget Act, and to authorize DPHSS to enter into a Memorandum of Understanding with the Ilocano Association of Guam for the operation of the Senior Center.
