MEMORANDUM

To: Administrator, Guam State Clearinghouse

From: Director, Department of Public Health and Social Services

Subject: Review of the Guam WIC Farmers' Market Nutrition Program FY 2017 State Plan

Submitted herewith are state plan documents of the above subject matter. The Guam WIC Farmers' Market Nutrition Program (FMNP) initially received approval from the United States Department of Agriculture on January 29, 1999, however, funding was not approved until April 21, of the same year.

The objectives of the FMNP are: 1) To provide resources to women and children who are Nutritionally at risk in the forms of fresh, nutritious, unprepared foods (such as vegetables and Fruits) from farmers markets and roadside stands; and, 2) To expand the awareness and and use of farmers markets and roadside stands and increase sales at such markets and stands.

The program served about 3,362 clients (women and children) in FY 2016 and expects to serve approximately 3,698 plus in FY 2017.

Please note that the Program is a 70%-30%, federal/local funding match, however, pursuant to 48 USC, subsection 1469A, Guam receives a waiver since the total funding received for this program is less than \$200,000.00. See attached waiver.

Should you desire additional information, please direct them to Mr. David Gumataotao, Program Coordinator IV, at 475-0300.
