**Request for Proposal Specifications
 RFP/DPHSS-2018-02
 Guam Breast and Cervical Cancer Early Detection Program (GBCCEDP)**

Response to Questions

"I am seeking clarification on RFP/DPHSS-2018-02, page 14 section on participation on mobile clinic outreach:

1. What does the mobile outreach clinic involve?
2. Will the services be billed to GBCCEDP?
3. Is it two times per calendar year?
4. Will we get a schedule, time, and place?

Response to Question #1: What does the mobile outreach clinic involve?

Participating in a minimum of two (2) mobile clinic outreaches to perform breast and cervical cancer screening for GBCCEDP clients. Contract providers would be expected to bring appropriate supplies for use. Coordination will be made between Contract Provider and GBCCEDP. (Reference pages 14 and 21)

Response to Question #2: Will the services be billed to GBCCEDP?

Breast and cervical cancer screening services performed for GBCCEDP clients, will be compensated in accordance with Medicare Part B Reimbursement Rates. (Reference Page 23)

Response to Question #3: Is it two times per calendar year?

The two (2) mobile clinic outreaches will be during each contract period. Coordination will be made between Contract Provider and GBCCEDP. (Reference pages 14 and 21)

Response to Question #4: Will we get a schedule, time, and place?

Coordination of the mobile clinic outreach schedule will be made between Contract Provider and GBCCEDP. (Reference page 21)
