Client's Current Status:

- **F1 (9/30-11/29):** A Kosrean common-law couple with three (3) children had just moved in.
- **F2+3 (9/23-11/22):** A Chuukese common-law couple with five (5) children. The husband is working at 7-Day supermarket and has an income of \$780 a payday. They have GPA arrears of \$300+ and the husband owes \$400 to his employer. They receive SNAP of \$944 a month. They have never applied for GHURA housing. GSJ SW proposed them the options of clearing GPA arrears, opening a bank account, save \$300 a payday, then apply for GHURA housing. The couple has not yet decided whether or not they would apply for the ESG Program, because most of the documents they need would have to come from the FSM government and it would take months to acquire. Their concern is their family size, limited income, no birth certificate documents, and typically high rental cost for a 3 or 4 bedroom apartments.
- **F4 (9/24-11/23):** A married Chuukese couple with two (2) minor children. They were staying in their car for 3 months until they found out about GSJ. HOH is working at Outback Steak House as a Prep Cook and makes \$350 a payday. They have no Public Assistance, lost their SS cards, the wife is 4-months pregnant, and they have a \$320 a month car payment. GSJ SW proposed them options of saving money, finding a better-paying job, apply for new copies of

their SS cards, Public Assistance and the ESG Program.

- **F5:** A room for EH.
- **F6 (9/17-11/16/19):** A married Chuukese couple with two (2) teenage sons. They were evicted from GHURA for not doing required Community Service Hours. They had been staying in their car since July 2019. Both parents are working and have a combined monthly income of about \$2000. They are obligated with a monthly car payment of \$419, hospital bill of \$75 a month, utility arrears in excess of \$300, and are sending \$100 a month the mother in Chuuk. The client's goals to save money of \$900 a month, identify an affordable rental unit, and move out of GSJ as soon as they are able.
- **F7 (9/20-11/19):** A Chuukese common-law couple with three (3) minor children. They were staying at a ranch house without utilities, after being evicted from a rental house. HOH is working at Sodexo and IHOP and makes \$1500/m. They had a Section 8 Screening schedule on September 24, and current ranking on Waiting list is #56. They are obligated with a car payment of \$400/m, GWA arrears of \$800, and trash arrears of \$700. Clients plan to clear GWA arrears in 2 months and made a payment plan with trash arrears of \$50/payday. They plan to save money of \$300/m, while common-law husband looks for a job.
- **F8+9 (7/2-9/30):** A Chuukese common-law couple with 6 minor children, two of the six children are from wife's ex-husband. They acquired an authorization letter from the FSM office prior to moving in to GSJ. Initially, both parents were working without I-94s. They do not have utility arrears. They have applied for Lada Gardens in 2018 but there is no available unit. GSJ SW assisted them with completion of on-line GHURA Public Housing application for Amp 3 and 4. They are #7 on Amp 3 and #18 on Amp 4. They are unable to apply for Salvation Army's ESG Program because they are lacking certain documents. Moreover, husband lost his job due to end of contract and his wife had to stop working due to illness; therefore their savings has not increased since. Because of the husband's persistent effort in looking for a job, he found employment at Asonoma Construction Co. The wife has not found employment yet. They have a savings of \$707.87 and are potential candidates for an Expansion Unit.
- **F10 (7/1-9/29):** A Chuukese common-law couple with 3 minor children was referred to GSJ by GMH after their oldest boy was hospitalized after a pellet gun shooting incident. The common-law husband is working without I-94 at Recca Construction Co, earning \$300-\$550 a payday, based on available working hours. The couple has utility arrears of over \$1000 and a mandatory adjusted court payment of \$50 a month. GSJ SW proposed to the couple the options of clearing arrears and saving money. Though the husband continues working, their saving has not been increased due to the cost for purchasing a second-hand car and fixing it. Their current savings remains at \$434.86. The SW also made a referral for the boy to I' Famaguonta due to his behavioral problems. The boy has completed the orientation and was assigned a Social Worker, but the boy declined to attend sessions. The HOH has received \$2500 in financial assistance from her siblings residing stateside. The couple intends to use that money for the security deposit and first month's rent. They found an affordable extension house with a rent of \$600/m including utilities and moved out on their exit date.
- **S1 (9/30-11/29):** A Chamorro married couple and a 6-year old boy has just moved in from a park in Dededo.
- **S2 (9/20-11/19):** A Chamorro woman with a disability and her 21-year old son as her caregiver, became homeless after they were evicted from a Section 8 housing after they failed inspection. Though they have a Section 8 voucher, they have been struggling with finding an accessible unit. They receive SNAP but have no income at this time. Prior to

admission at GSJ, they were assisted by a Social Worker at GBHWC and their Case worker at GHURA with applying for a 2-bedroom unit at Summer Town, which is still pending. GSJ SW is assisting them with applying for an accessible unit at Liheng II apartment in Harmon. GSJ SW is coordinating with the Social Worker and Case worker for completion of the pending application for the summer Town unit and Liheng II apartment unit.

- **S3 (7/10-10/8):** A former Korean client, who had moved to Ohio last year, came back to Guam with a plan of residing on the island. GSJ SW assisted her with Public Assistance application, and now has SNAP and Medicaid. Client is currently employed working 9 hours a week at White Dry Cleaning in Tamuning. GSJ SW assisted her with completing OPG Caregiver Application and with a temporary housing at a Guest House; however, she declined the opportunities. With her limited income she was still able to save \$433.52 and plans to move out from GSJ on her exit date.
- **S3 (8/6-10/5):** A Chuukese single woman without children was sleeping at a bus-stop after she was asked to leave her friend's house. She is employed at Ritz Marketing, working 12 hours/week at the office and 13 hours/month at the employer's property. She is obligated to pay her debt at Macy's at \$25 a month besides from debt of \$2470 to her Sear's Master Card. She plans to start making payments on her Sear's card after clearing her debt with Macy's. GSJ SW proposed options of saving money, finding another job, and applying for Salvation Army's ESG program. She has submitted all required documents for ESG Program and is waiting for her phone call from ESG. Her effort for an employment was not fruitful. GSJ SW assisted her with submitting Employment Application through email to HR at Holiday Resort and Spa. Her current savings is zero due to her limited income, obligated payments. She is not qualified for SNAP program.
- **S4 (9/17-11/16):** A Chamorro common-law couple, whose children are under CPS care, was referred to GSJ from New Beginnings. HOH is attending NB classes 3 times a week, has completed the Housing First Program application, and is waiting for an issuance of a voucher. They are both SNAP recipients and have Medicaid. They both completed the Orientation at American Job Center; both are under CWEP Program and are waiting to start work. The common-law wife is 2-month pregnant. HOH plans to find a regular job, continue attending classes, and applying for ESG Program once a voucher is issued.
- **S5 (9/16-11/15):** A Chuukese married couple with a toddler daughter was staying at Alupang Beach prior to moving in GSJ. Husband was working at Polyphase System Inc. until April, 2019, when he lost the job due to end of project. He was rehired by the company as soon as he entered GSJ but was not able to work because his daughter was hospitalized for a few days. The couple does not have birth certificates and husband does not have a SS card. They never applied for Public Assistance because of absence of residency. GSJ SW suggested that they focus on the task of acquiring need documents in order to apply for Public Assistance and GHURA housing. SW proposed that they start saving \$400 a payday as this would support their goal renting a place on their own. While applying for replacement of SS card, husband experienced a hurdle in retrieving I-94 through USCIS website. GSJ SW assisted him in acquiring a Certification of Arrival and I-94 Number from US Customs and Border Protection Office at Guam International Airport. The SW also assisted them with Public Assistance application.
- **S6 (8/5-10/4):** A single Chamorro mother with a teenage son was staying in their car since May 2019. HOH was working at Papa John's and Submarina for a total of 40-43 hours a week; however, her work hours have decreased recently. She completed mass screening on August 15 and One-to-One Meeting on August 29 for her Section 8 Program application and

has submitted additional documents on September 13. She has been struggling with her car issues, and yet manages to continue working because her boyfriend has been assisting her with transportation. She plans to save money for a security deposit, after she addresses her car repair issues. At this point she still has no savings and her car is still in need of repair. Though GSJ SW proposed the options of applying for Salvation Army's ESG Program, her application was not completed because of utility arrears.

EXPANSION UNITS

UNIT #1:

Chuukese common-law couple with two (2) toddlers was transitioned from Guma San Jose Main Shelter on August 29, 2019. Husband is working at Asonoma Construction Co and receives a paycheck of \$1500/mo. Their financial obligations include utility arrears, court payments, and petty cash support for the husband's mother in Chuuk. They also receive \$300 from SNAP. GSJ SW proposed to the couple options of clearing arrears first, applying for Salvation Army's ESG Program, and saving as much money as they can. They have cleared arrears using their first paycheck and their ESG Program application was approved on July 26. They have been looking for a 2-bedroom unit in the range of \$650-\$800 per month, but they were unsuccessful in finding

a unit by the deadline. They decided to find an affordable house/unit with their own savings.

They receive public assistance (SNAP, Medicaid, and MIP).

Total number of occupants: Four (4). A family of a couple with two toddlers (ages 1 year and 9 months).

Goals (9/28-10/28):

1. Clear Court fees of \$390
2. Save money as much as they could
3. Find an affordable house/unit

- Case management and supportive services are being provided by GSJ Social Worker.
- Clients do not have their own transportation. They utilize GSJ transportation for appointments. Husband gets transportation for his job from his employer.
- GSJ provides access to the GSJ washing machines/driers.

Status Update: Clients tried to look for affordable house, but did not find one. They paid court fee of \$300 out of husband's income and saved \$200, so their savings were increased to \$2702.01. GSJ SW proposed an option of clearing the remaining court fee of \$390 by October 28, and the husband agreed.

UNIT #2

A Russian asylum seeking couple with a toddler daughter was transitioned from Guma San Jose Main Shelter on July 5, 2019. Both parents have Employment Authorization and SS cards and the toddler daughter is enrolled in Head Start Program. HOH is now working at Fiesta Resort as a House Keeper, but her husband has been unable to find a job and has been taking care of the daughter while the mother is at work. GSJ SW coordinated with Salvation Army in applying for ESG Program and they received an Eligibility Letter on July 26. Client was able to find only two (2) rental units, and Salvation Army has allowed them to look for 2 more units by September 26. They expect to receive a letter from USCIS for Advance Parole application, which they submitted in June 2019 and would be granted sometime between September and November. Once received, the clients will be required move out from Guam within 5 days. Therefore, clients are considering that they cancel the Salvation Army's assistance if they receive the letter from USCIS before September 26. They plan to go to South Korea to get medical consultation for husband's hearing problem, and then move to the States. They are saving money for the upcoming events, and their balance was \$2764.73 as of August 31.

.They are not eligible for public assistance.

Total number of occupants: Three (3). A family of a couple with one (1) daughter (age 4)

Goals (9/3-10/3/19):

1. Find an affordable house or apartment unit
2. Save money of \$500/payday

- Case management and supportive services are being provided by GSJ Social Worker.
- Clients have their own transportation.
- GSJ provides access to the GSJ washing machines/driers.

Status Update: They were struggling with finding rental units of between \$650 and \$750 a month, because landlords did not want to make contract with Salvation Army, which approved only 3-month of rental assistance for this family. Moreover, Salvation Army confirmed that they

cannot assist this family because of uncertainty of leaving date once they receive a letter from USCIS. Now clients need to find an affordable house/unit with own saving. Their current savings balance is \$2687.14.

UNIT #7:

A married Russian asylum seeking couple with two minor children was transitioned from Guma San Jose Main Shelter on June 4, 2019. The couple has Employment Authorization and social security cards and they receive SNAP, Medicaid, and MIP. While husband has difficulties with finding a job, his wife has obtained a job at an airport as a Passenger Service Agent. The couple does not want their infant daughter in a Daycare Center, so the husband is taking care of the baby while his wife is working. They are not eligible for GHURA housing but are for Salvation Army's ESG Program, and their application was approved on June 25. They were looking for rental units of between \$650 and \$850 a month, and found a 2-bedroom apartment in Harmon with rent of \$900 including utilities. Their saving was increased to \$2251.33 as of end of August.

They receive public assistance (SNAP, Medicaid, and MIP).

Total number of occupants: Four (4). A family of a couple with two minor children (ages 13 and 8 months).

Goals (9/2-10/2/19):

1. Find a place to move in
2. Save money of \$500+/m

- Case management and supportive services are being provided by GSJ Social Worker.
- Clients have their own transportation.
- GSJ provides access to the GSJ washing machines/driers.

Status Update: The unit in Harmon passed the inspection and clients were waiting for contract signing, which was delayed a few times. Once completed, client will move to the unit.

UNIT #8

A Russian couple with a toddler son and an infant daughter was transitioned from Guma San Jose Main Shelter on August 5, 2019. As an asylum seeker, HOH arrived on Guam in November 2018 and has already received an Employment Authorization and SS card; however, he delayed until July 23th applying for asylum for his wife and son, who later arrived in February 2019. The delay in applying for asylum was because his wife was not sure about living in the US. With the Employment Authorization, HOH was able to gain employment at Asonoma construction Co. GSJ SW presented the options of saving money and complying with money management with GSJ SW. They are not eligible for Salvation Army's ESG Program, because the wife and son do not have U.S. Immigration issued work permits and no Social Security cards. Client's car has major engine problem, and HOH has to reserve money for the cost of parts and labor; therefore, he was not able to save up as much as he has planned. His latest savings balance was \$1475.64 as of end of August.

Russia-born family members are not eligible for public assistance, and the US-born infant baby's SNAP application was not approved. She has Medicaid.

Total number of occupants: Four (4). A family of a couple with two (2) minor children (ages 4 years and 3 months).

Goals (9/4-10/4/19):

1. Save money (\$250+/payday)
2. Fix car
3. Comply with money management with GSJ SW.

- Case management and supportive services are being provided by GSJ Social Worker.

- Clients have their own transportation.

- GSJ provides access to the GSJ washing machines/driers.

Status Update: Their car is still unfixed and they are burdened with car payment of \$250/payday and medical bill of \$250/payday, and yet their savings was increased to \$2408.77.

UNIT #9

A married Chamorro couple with 3 children has moved out on September 22 to a tin house after fixing it.

Eviction:

- EX 021901 was evicted due to HOH being intoxicated. Client used vulgar language, yelled profanities made threats of bodily harm to GSJ staffers. Initially it was just the woman who was evicted but the husband took her back in GSJ premises that same day resulting in the eviction of the household.

- EX071801 moved out from Unit 8 on January 19, 2019 to an abandoned house adjacent to GSJ, because they failed to save up enough money for rent. After exit, common-law husband started working, and their saving was increased to \$1000.
- EX011901 moved out from Unit 1 on January 24, 2019 to an apartment in Harmon Industrial Park with own saving.
