NASOPHARYNGEAL CANCER  
SURVIVOR (OVER 40 YEARS)

enhanced  
survivorship

# Guam Comprehensive Cancer Control

Communities across the nation are uniting to ease the burden of cancer. This is Comprehensive Cancer Control. Together, we can reduce cancer risk, detect cancers earlier, improve cancer treatment and enhance quality of life for cancer survivors.

The Guam Comprehensive Cancer Control Coalition is a diverse group of public and private sector stakeholders and individuals who are working together to reduce the burden of cancer and eliminate gaps in cancer services in Guam. To join the Coalition or for more information, please contact the Guam Comprehensive Cancer Control Program, Department of Public Health and Social Services at (671) 735-7335 / 0673.
