

## Winner Enterprises-Mobil Service Stations

### Facility Measures to Prevent the Spread of COVID-19

1. Fails to require workers or customers to use face masks;
  - a. Action: Employees and contractors visiting the site are required to take their temperature and wear a mask before starting work. If their temperature is above normal then they are immediately sent home and advised to seek medical help. Due to local privacy laws; station is unable to maintain a log to ensure that employees and contractors take their temperature. It is the responsibility of the operator and the station manager to ensure compliance.
  - b. Signs are installed on our front doors to remind customers that a face mask is required to enter. Staff will enforce that all customers wear a mask in order to receive service.
2. Fails to enforce a 6-foot social distancing rule;
  - a. Action: Social distancing signs are installed to remind customers to follow a 6 feet distance inside the stores.
  - b. Action: Signs are installed on our front doors to remind customers of our maximum capacity. Staff will enforce that all customers follow the social distancing rule.
3. Fails to post appropriate signs letting people know face masks and social distancing are required
  - a. Action: See item 1 and 2 above.
4. Doesn't have a policy in place for frequent cleaning of all surfaces
  - a. Action: Stations will clean and sanitize all retail surface every 30 minutes and will maintain a log of frequently touched areas.
5. Doesn't have an organization-specific plan in place that can be presented to Public Health or Revenue and Taxation staff upon request
  - a. Action: Plan will be shared with all stations and be readily available to share when asked.
6. Doesn't follow occupancy limits
  - a. Action: See item 2 above.
7. Exceeds the authorized number of people for social gatherings on the business premises.
  - a. Action: See item 2 above; no planned social gatherings (i.e. meetings) until PCOR4 is declared.
