

NOTICE REGARDING COVID-19

COVID-19 has been labelled as global pandemic. Fujitec Pacific Inc would like to ensure the health and safety of our employees, staff, and community. Therefore, we are providing the following guidelines on prevention and precautionary measures:

Practice good hygiene:

Wash your hands especially after touching any frequently used item or surface

Wear face mask, use gloves, etc.

Avoid touching your face

Sneeze or cough into a tissue or the inside of your elbow

Disinfect frequently used items and services as much as possible

Use sanitizer or alcohol or wipes

Avoid crowds and social gatherings as much as possible

Avoid eating or drinking at bars, restaurants, food courts – use drive-thru, pick up or delivery options.

Practice Social Distancing

Stay home when you are sick

Due to scarcity of supplies in our island of various disinfecting items and face mask, Fujitec Pacific could only provide each one of you a minimum supply of face mask and sanitizer. However, please continue to practice the safety and prevention on and off your job.

Do your part to slow the spread of the Coronavirus. Please follow the guidelines, listen to the directions of our local authorities.

Watch out for symptoms like fever, cough and shortness of breath. If you experience any of these, pls call:

Department of Health and Social Services Medical Hotline operational from 6am to 10pm are as follow:
(671) 480-7859 (671) 480-6760/3 (671) 480-7883
