Client's Current Status:

- F1: Vacant
- F2+3 (Entry date:3/5/20): A married Chamorro couple with 3 children—They remain on GHURA Wait List for Amp 3 @129 and FUP @209. Being unemployed and having no savings was their issue and GSJ SW proposed to them options of husband's employment and getting housing assistance from ESG Program. They completed their ESG program application and received an Eligibility Letter on March 10. However, they have difficulties with finding a house and employment difficulties these past months. Though GSJ SW coordinated with a Social Worker at Salvation Army for an extension of the due date for finding an affordable house, their application is placed on hold due to the lagging progress. They need to reapply if they want. After losing the employment opportunity at Rocky Mountain, husband decided to accept an on-call job offer at a private construction company; however, he did not make any savings from it due to continuous expenditure for baby's formula and pampers. He plans to start a full-time employment at the Carpet Masters, once his car is repaired.
- F4: Vacant
- F5: A room for EH.
- F6:Vacant
- F7: Vacant
- F8 (12/20/19-9/26/20): A Chuukese mom with four (4) minor children, including a 15-year old daughter, who has been difficult to control her behavior. HOH was informed about a vacancy of a 2-bedroom unit in Harmon Villa Garden, where her son was staying with his godparents. The 13-year-old son was adopted to his godparents and was allowed to stay in his mom's car while this family was not allowed to come back to GSJ until they got negative test results on COVID-19. From the experience, the boy got close bonding with his biological siblings and wanted to stay close with them. He asked his father to look for a vacant unit in the same apartment complex and he found one; however, the unit was taken before client deposit the money for it. Disappointed, the son solicited his father for him to stay with his siblings, and it was granted. Clients moved out GSJ on September 26, 2020 and joined with the boy at his place. They will stay at the unit temporarily and move to another unit once available. HOH says that she has enough savings for the rent.

- S1: Vacant
- S2 (Entry date: 3/13/20): Chuukese mom with a minor child. HOH was working at Hyatt Hotel since December 2019 as a Housekeeper but was furloughed due to COVID-19. As her unemployment application was approved, client received about \$13,000 from PUA and

FPUC and purchased a car at \$9500. While looking for a house for rent, client realized that her remaining money might not be enough for second month rent, as her unemployment check would be reduced by the end of July. She has been looking for a job rather than waiting for phone calls from her previous job; however, she remains unemployed until now. GSJ SW assisted her with job application when DOL announced job opportunities for 12 Data Control Clerks and 12 Community Program Aides. Client showed interest in the Community Program Aides and SW assisted her with creating her resume and uploaded it at HireGuam. SW also assisted client with creating email account and emailing her information to DOL. Once hired, she plans to look for rent. Her suspended SNAP was resumed only for her daughter in GSJ. Her PUA's weekly assistance has not been received more than a month, and her approximate savings is \$1000.

Their NED application was completed and they were about to receive a Section 8 voucher, but the process has come to a halt because of COVID-19. Though GHURA resumes its services, clients were requested to wait for voucher issuance due to GHURA's accumulated work load. Following their ISP, they have completed ESG Program application and are now waiting for GHURA voucher briefing schedule. They received Disaster Relief Check of \$1200 and purchase a used car at \$1000. The couple was hired at Moti and provides cleaning/landscaping duties, from which they saved up \$3000 in their saving account. HOH emailed to Amor Say for her assistance, who emailed back, saying she informed client's case worker about her email and contact information and that the case worker would call client when PCOR 1 is lifted. GSJ SW recommends this family for transferring to an expansion unit.

Client was hired as an on-call employee at a construction company on May 25, and he started saving; however, his saving balance became zero now due to: inconsistent work hours; purchasing a used car at \$250; spending money for fixing it; and retrieving it from a junk yard, when his cousin made a trouble with the car, which does not have a license plate. EXPANSION UNITS

UNIT #1 (02/22-09/21/20)

A common-law Palauan couple with three (3) minor children was transitioned from Guma San Jose Main Shelter on February 22, 2020. GSJ SW initially proposed to them options of applying ESG program and GHURA Public Housing as well as finding jobs and saving money; however, they decided giving up applying for ESG, due to wrong spellings of HOH's name on her passport and I-94. Though GSJ SW tried to fix HOH's name problems on her documents, Social Security card replacement request for HOH was denied, and changing her name on her daughter's birth certificates was not successful as well. Her daughter's SS card replacement was also not available unless HOH has the Court Order of her legal name change. Summer Town application has also difficulties because of the delayed construction of Summer Town Phase 4 due to COVID-19. Waiting for a son to be born, HOH found a 2-bedroom house and deposited money for it. As soon as giving birth to her son on September 15th, she discharged from GMH to her rental house in Barrigada. The couple came back to the unit to get their belongings and clean the unit, officially moving out on September 21.

UNIT #2: Utilized for a client at Men's Shelter

UNIT #7: Utilized by Alee Shelter

UNIT #8: Vacant.

UNIT #9

A Chuukese common-law couple with a 3-year old daughter was transitioned from Guma San Jose Main Shelter on March 11, 2020. Her husband is working at Global Recycling Co. as a full-time employee. They are obligated with \$200/ month for hospital bills. Their ESG application is still available to provide housing assistance for this family once they find an affordable housing unit. Though GSJ SW and clients tried hard to find a unit at Summer Town, they do not have 2-bedroom units, with the long-delayed completion of Summer Town Phase 4 due to COVID-19. Salvation Army Program Manager warned HOH of losing her benefit unless she finds a unit by August 31; however, PCOR-1 Lock-down order hinders HOH from finding other rental units. GSJ SW assisted HOH with submitting pending documents for GHURA Amp 2 and 3. Her savings was increased to \$4431.89 as of end of August. Their plan for purchasing a used car is pending.

They receive public assistance (SNAP, Medicaid, and MIP). Total number of occupants: Three (3). A family of a couple and a toddler (age of 3).

Goals:

- 1. Save money of \$300+/payday
- 2. Pay hospital bill of \$200
- 3. Apply low income housings
- Case management and supportive services are being provided by GSJ Social Worker.
- Clients do not have their own transportation, so husband goes to work with his cousin, who works for same company. GSJ provides transportation services for appointments.
- GSJ provides access to the GSJ washing machines/driers.

Status Update: Besides Summer Town, GSJ SW tried to assist client with finding a house from private home/apartment owners, ending up not finding any affordable rental units. Once the husband's brother offered selling his used car to this family, but later he changed his mind without any explanation. The lockdown-order took the husband out of work except 2 days. They applied for PUA, which was approved, but did not receive the money until now. Their savings remain in the same.
