(RFP/DPHSS-2018-02)**

TYPO (LLP)

100% Federally Funded by U.S. Department of Health and Human Services, Center for Disease Control, Guam Breast Cancer and Cervical Cancer Early Detection Program and Guam Comprehensive Cancer Control Program Cooperative Agreement, CFDA Number 93.898.

Subrecipient/Subaward Federal Funding to Health Provider is passthrough by grantee DPHSS GBCCEDP

This Sixth Amendment and Final Option to Renew (Sixth Amendment) to the Health Provider Agreement, is entered into by the Department of Public Health and Social Services, Division of Public Health, Bureau of Primary Care Services, Guam Breast Cancer and Cervical Cancer Screening and Early Detection Program, (DPHSS, GBCCEDP or DPHSS GBCCEDP) a line agency of the government of Guam, whose address is 155 Hesler Place, Hagatna, Guam 96910, and Hawaii Pathologists' Laboratory, LLP, a professional association under the laws of Guam, (Health Provider, Contractor or Subrecipient) whose address is 702 S. Beretania St., Ste. B100, Honolulu, Hawaii 96813-2581.

WHEREAS, the parties in this Health Provider RFP/DPHSS-2018-02 Agreement/Sub-Award in addition to the original contract, effective on September 7, 2018 have previously agreed to the following:

Health Provider Agreement	Effective September 7, 2018 through June 29, 2019 with option to renew up to three additional one year periods.	Not to Exceed Amount of \$15,000 through June 29, 2019
First Amendment		Increasing Not to Exceed Amount of \$15,000 by \$10,000 to \$25,000 through June 29, 2019
Second Amendment	First Renewal June 30, 2019 through June 29, 2020 with option to renew up to two additional one year periods	Not to Exceed Amount of \$15,000 through June 29, 2020
Third Amendment		Increasing Not to Exceed Amount of \$15,000 by \$8,000 to \$23,000 through June 29, 2020
Fourth Amendment	Second Renewal June 30, 2020 through June 29, 2021 with option to renew up to one additional one year periods	Not to Exceed Amount of \$10,000 through June 29, 2021
Fifth Amendment		Increasing Not to Exceed Amount of \$10,000 by \$4,000 to \$14,000 through June 29, 2021

WHEREAS, in this Sixth Amendment, the parties agree to their final renewal term of one year through June 29, 2022.

NOW THEREFORE, the parties agree as follows:

1. DPHSS GBCCEDP herein exercises its final one (1) year renewal of the Agreement through June 29, 2022, subject to appropriation, allocation, and availability of funds. Multiple certification of funds may be made in any fiscal year.
2. DPHSS GBCCEDP shall compensate Health Provider for services in the not to exceed amount of five thousand dollars (\$5,000) for any services rendered from June 30, 2021 through June 29, 2022, pursuant to the FY 21 Medicare Part B Reimbursement Rates. This amount may be reduced or increased depending on the appropriation, allocation and availability of funding and the demand for services. Multiple certification of funds can be made in any fiscal year.
3. Included in the Agreement are the current 2021 Medicare Part B Reimbursement Rates and 2021 NBCCEDP Allowable Procedures and Relevant CPT® Code.
4. The current attached U.S. DOL Wage Determination for Guam is added to the Agreement.
5. The 2021 NBCCEDP Program Manual Version 3 is incorporated by reference and added to the agreement, available upon request to Arlie Flores Bonto, Program Coordinator II, at 1-671-488-7023 or arlie.bonto@dphss.guam.gov; but not attached.
6. The current attached subaward data sheet is added to the Agreement.
7. The current attached Notice of Grant Award, 5 NU58D9006269-05-00, is added to the Agreement.

All other terms and conditions remain the same.

Further the parties sayeth naught.

2021 NBCCEDP Allowable Procedures and Relevant CPT® Codes

Listed below are allowable procedures and the corresponding suggested Current Procedural Terminology (CPT) codes for use in the National Breast and Cervical Cancer Early Detection Program (NBCCEDP) under these general conditions—

- Grantees are required to be responsible stewards of the NBCCEDP funds and use screening and diagnostic dollars in an efficient and appropriate manner.
- When questions arise regarding the appropriateness to use a specific CPT code, the grantee should discuss with their local medical consultants and CDC program consultant to determine appropriateness.
- The CPT codes listed are not all-inclusive and grantees may add other, including temporary, CPT codes for an approved procedure.

Description	
1	All consultations should be billed through the standard "new patient" office visit CPT codes 99201–99205. Consultations billed as 99204 or 99205 must meet the criteria for these codes. These codes (99204–99205) are typically <u>not</u> appropriate for NBCCEDP screening visits, but may be used when provider spends extra time to do a detailed risk assessment.
2	The type and duration of office visits should be appropriate to the level of care needed to accomplish screening and diagnostic follow-up within the NBCCEDP. While some programs may need to use 993XX-series codes, Preventive Medicine Evaluation visits are not covered by Medicare and not appropriate for the NBCCEDP. The 9938X codes shall be reimbursed at or below the 99203 rate, and 9939X codes shall be reimbursed at or below the 99213 rate.
3	List separately in addition to code for primary procedure 77067.
4	List separately in addition to 77065 or 77066.
5	Breast MRI can be reimbursed by the NBCCEDP in conjunction with a mammogram when a client has a BRCA gene mutation, a first-degree relative who is a BRCA carrier, or a lifetime risk of 20% or greater as defined by risk assessment models such as BRCAPRO that depend largely on family history. Breast MRI also can be used to assess areas of concern on a mammogram, or to evaluate a client with a history of breast cancer after completing treatment. Breast MRI should never be done alone as a breast cancer screening tool. Breast MRI cannot be reimbursed for by the NBCCEDP to assess the extent of disease in a women who has just been newly diagnosed with breast cancer in order to determine treatment.
6	Codes 19081–19086 are to be used for breast biopsies that include image guidance, placement of a localization device, and imaging of specimen. They should not be used in conjunction with 19281–19288.
7	Codes 19281–19288 are for image guidance placement of a localization device without image-guided biopsy. These codes should not be used in conjunction with 19081–19086.
8	For CPT 10011 use the reimbursement rate for CPT code 10009. For CPT 10012 use the reimbursement rate for CPT code 10010.
9	HPV DNA testing is not a reimbursable procedure if used as an adjunctive screening test to the Pap for women under 30 years of age.

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: Life accident and health insurance plans sick leave pension plans civic and personal leave severance pay and savings and thrift plans. Minimum employer contributions costing an average of \$4.54 per hour computed on the basis of all hours worked by service employees employed on the contract.

HEALTH & WELFARE EO 13706: Minimum employer contributions costing an average of \$4.22 per hour computed on the basis of all hours worked by service employees employed on the covered contracts. *

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage

determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an

adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of "wash and wear" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR

4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federalregulationspolicies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number **DP17-1701**, titled **Cancer Prevention and Control Programs for State, Territorial, and Tribal Organizations**, and application dated February 26, 2021, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Funding in the amount of **\$806,773** is approved for the Year 05 budget period, which is **June 30, 2021** through **June 29, 2022**. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

The NOFO provides for the funding of multiple components under this award. The approved component funding levels for this notice of award are:

NOFO Component	Amount
NBCCEDP	\$ 400,000
NCCCP	\$ 406,773

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

CDC activities in this NOFO are as follows:

- Collaboration between program consultants across the division to provide coordination of program monitoring and technical assistance activities such as joint program calls, site visits, and regional consultations.
- Team Leads, Project Officers, and Subject Matter Experts from across the division jointly plan and participate in trainings and other capacity building activities that address crosscutting strategic areas.
- Resources and guides that address key programmatic needs across the FOA will be jointly developed and/or disseminated to ensure consistent messages with meeting

grantee technical assistance needs.

- Technical assistance in the areas of program implementation, fiscal and grants management, surveillance and epidemiology, health education and promotion, evaluation, community-clinical linkages, and environmental approaches will be coordinated across programs to ensure consistency and build awardee capacity.
- CDC Chronic Project Officers will continue to identify collaboration and coordination opportunities through the NCCDPHP Regional Team meeting
- Coordinated Program Directors meetings and Cancer Conferences will be prioritized to reduce burden on grantees
- Establish program policies and guidelines collaboratively with grantees.
- Facilitate the exchange of information and coordination, collaboration, and service integration between grantees and chronic disease counterparts.
- Provide ongoing guidance, consultation and technical assistance to support the planning, implementation, monitoring, and evaluation of the activities listed within the components funded in this FOA.
- Monitor grantee progress in implementing the program and work with grantees through email, conference calls, and site visits, and review of progress reports and other data reports to support program progress and program improvement.
- Convene trainings, capacity building exercises, meetings, web forums, conference calls, and site visits with grantees.
- Provide relevant scientific research findings, peer-reviewed publications, success stories, public health recommendations, and up-to-date clinical guidelines related to the FOA.
- Provide eligible population estimates for available geographic units. Estimates are currently available at the national, state, and county level. Estimates can be found at: <http://www.census.gov/hhes/www/sahie/data/index.html>.
- Design, implement, and evaluate program implementation of screening and patient support services.
- Provide strategies to work effectively with health care systems and community-based organizations to use available data and target populations to decrease disparities.
- Provide guidance on practical application of appropriate Public Laws based on the program specific needs. These laws include; Public Law 101-354, including amendments to the law, Public Health Service Act, (42 USC 280e-280e-4; Public Law 102-515), as amended and Public Health Service Act, [42 U.S.C. section 247b (e) and (k)(2)], as amended.
- Provide tools and methodologies to conduct linkages between the screening program data and central cancer registries data, and reporting registry stage data in the MDE.
- Develop regular data monitoring feedback reports based on clinical data submissions to support data use for quality assurance, program improvement, and program monitoring and evaluation.
- Evaluate, monitor, and report on progress toward meeting performance standards using interim progress reports, end of year reports, MDE reports, annual surveys, and others described in FOA.
- Provide analytic datasets through CDC's Research Data Center, restricted data access files for NPCR-sponsored registries, and a public use dataset.
- Provide mechanisms to facilitate external data linkages through CDC's National Death Index and Social Security Administration's Administrative Databases.
- Provide assistance with dissemination of information, including evaluation results, about awardee's program efforts to the public and public health audiences. When appropriate, evaluation findings will be described for individual awardees by name.
- Provide technical assistance and support to central cancer registries for electronic

- pathology, biomarkers and physician reporting/Meaningful Use efforts.
- Develop and provide publicly available software programs for collecting, receiving, validating, processing, and analyzing cancer registry data.
 - Provide NPCR Program Standards and Program Manual to ensure standardized operations and data collection.
 - Collaborate with national partners and organizations to standardize the reporting of cancer, promote education for cancer registrars, and advocate for central cancer registries by actively participating as chairs/members of committees/workgroups.
 - Assess the quality of central cancer registry data by conducting NPCR-sponsored Data Quality Evaluations of central cancer registries.
 - Receive, evaluate, and disseminate cancer surveillance data received from central cancer registries through the NPCR Cancer Surveillance System.
 - Maintain online dissemination tools <http://www.cdc.gov/cancer/npcr/tools.htm>

BUDGET REQUIREMENTS:

Please provide the following information by submitting a grant note in Grant Solutions as soon as this information is available:

INDIRECT COSTS – Please submit the updated ICR agreement covering the Year 5 budget period as soon as it is available.

NBCCEDP

- **CONTRACTUAL/CONSULTANT:** Please provide all the contractual/consultant elements that are TBD (Health Data Statistician, Patient Navigator, Medical Advisor, Evaluator) as required in the CDC Budget Preparation Guidelines for all contractors and consultants.

NCCCP

- **CONTRACTUAL/CONSULTANT:** Please provide all the contractual/consultant elements that are TBD (Program Evaluator) as required in the CDC Budget Preparation Guidelines for all contractors and consultants.
- Please provide a detailed budget for the contracts with the University of Hawaii and SPARK.

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period.** Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Cost sharing or matching alternative: Under this alternative, program income is used to finance some or the entire non-federal share of the project/program.

Note: The disposition of program income must have written prior approval from the GMO.

FUNDING RESTRICTIONS AND LIMITATIONS

Notice of Funding Opportunity (NOFO) Restrictions:

- Recipients may not use funds for research.
- Recipients may not use funds for clinical care except as allowed by law.
- Recipients may use funds only for reasonable program purposes, including personnel, travel, supplies, and services.
- Generally, recipients may not use funds to purchase furniture or equipment. Any such proposed spending must be clearly identified in the budget.
- Reimbursement of pre-award costs generally is not allowed, unless the CDC provides written approval to the recipient.
- Other than for normal and recognized executive-legislative relationships, no funds may be used for:
 - publicity or propaganda purposes, for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body
 - the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before any legislative body
- See Additional Requirement (AR) 12 for detailed guidance on this prohibition and additional guidance on lobbying for CDC recipients.
- The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project outcomes and not merely serve as a conduit for an award to another party or provider who is ineligible.
- In accordance with the United States Protecting Life in Global Health Assistance policy, all non-governmental organization (NGO) applicants acknowledge that foreign NGOs that receive funds provided through this award, either as a prime recipient or subrecipient, are strictly prohibited, regardless of the source of funds, from performing abortions as a method of family planning or engaging in any activity that promotes abortion as a method of family planning, or to provide financial support to any other foreign non-governmental organization that conducts such activities. See Additional Requirement (AR) 35 for applicability (<https://www.cdc.gov/grants/additionalrequirements/ar-35.html>).

Program 1: NBCCEDP

- As specified in PL 101-354, use of federal funds for treatment is prohibited.
- As specified by PL 101-354, not more than 10 percent of cooperative funds awarded may be spent annually for administrative expenses. These administrative expenses are in lieu of and replace indirect costs [Section 1504(f) of the PHS Act, as amended].

Program 3: NPCR

- As specified in the Public Health Service Act, (42 USC 280e-280e-4), as amended, cooperative agreement funds must not be used for purposes other than those outlined in this announcement.
- Purchase, licensing, or development of central cancer registry applications or database systems that perform the same functions as tools provided by CDC/NPCR (see CDC/NPCR Registry Plus module description).
- Design and development of new software and/or enhancement of an existing central cancer registry database management system where publicly available products exist.
- Funding for activities associated with the maintenance and support of a central registry database system that exceeds 20 percent of the total direct budget request per year. For additional information see <http://www.cdc.gov/cancer/dcpc/about/foa-dp17-1701/>
- Direct data collection in reporting facilities unless justified. For additional information see <http://www.cdc.gov/cancer/dcpc/about/foa-dp17-1701/>
- Abstracting from hard-copy medical records at the central cancer registry unless justified. For additional information see <http://www.cdc.gov/cancer/dcpc/about/foa-dp17-1701/>
- Promotional items.
- International travel (exception Canada for NAACCR conference).
- Travel to meetings not directly related to cancer registries.
- Travel for non-registry staff NOTE: In accordance with Health and Human Services (HHS) Grants Policy Statement, travel is only allowable for personnel directly charged and approved on the grant/cooperative agreement.
- Cell phones, blackberries, palm pilots, or any other personal electronic device.
- Automobiles.
- Construction.
- Funds must be used to supplement not to supplant existing State and/or other Federal resources.

Indirect Costs:

Indirect costs are approved based on the negotiated indirect cost rate agreement dated April 3, 2019, which calculates indirect costs as follows, a fixed rate is approved at 12.25% of the base, which includes, total direct salaries and wages, excluding fringe benefits. The effective dates of this indirect cost rate are from October 1, 2019 to September 30, 2020.

Matching Funds Requirement: Matching is generally calculated on the basis of the federal award amount and is comprised of recipient contributions proposed to support anticipated costs of the project during a specific budget period (confirmation of the existence of funding is supplied by the recipient via their Federal Financial Report). The recipient must be able to account separately for stewardship of the federal funding and for any required matching; it is subject to monitoring, oversight, and audit. The recipient may not use matching expenditures to count toward any Maintaining State Funding requirement.

****Note: The required and/or encouraged match dollar amounts are identified on the "Component Funding Spreadsheet" attached and associated with this Notice of Award.***

NBCCEDP: Recipient financial participation is required for this program in accordance with the authorizing legislation. Section 1502(a) and (b)(1), (2), and (3) of the Public Health Services (PHS) Act, as amended, requires matching funds from non-Federal sources in an amount not less than one dollar for every three dollars of Federal funds awarded under this program.

However, Title 48 of the U.S. Code 1469a (d) requires DHHS to waive matching fund requirements up to \$200,000 for Guam, U.S. Virgin Islands, American Samoa and the Commonwealth of the Northern Mariana Islands.

Matching funds may be cash, in-kind or donated services or equipment. Contributions may be made directly or through donations from public or private entities. Public Law 93-638 authorizes tribal organizations contracting under the authority of Title I to use funds received under the Indian Self-Determination Act as matching funds.

Applicants may also designate as State/Tribal/Territorial/Pacific Island Jurisdiction matching funds any non-Federal amounts spent pursuant to Title XIX of the Social Security Act for the screening and case management of women for breast and cervical cancers.

Matching funds may not include: (1) payment for treatment services or the donation of treatment services; (2) services assisted or subsidized by the Federal government; or (3) the indirect or overhead costs of an organization. All costs used to satisfy the matching requirements must be documented by the applicant and will be subject to audit.

NCCCP: Cost sharing funds are encouraged in an amount not less than ten percent of Federal funds awarded under this program. Cost sharing is encouraged if it helps to leverage federal and state resources, is responsive to stated CDC recipient activities, supports the National Comprehensive Cancer Control Program priorities, and does not compromise the integrity or the ability of the comprehensive cancer control program to accomplish proposed activities. Matching funds are not required under this cooperative agreement, but are encouraged.

NPCR: Per PHS Act (42 USC 280e-280e-4), matching funds are required for Program 3, NPCR applicants in an amount not less than 25 percent of such costs or one dollar for every three dollars of Federal funds awarded under this program; [Title 42, Chapter 6A, Subchapter II, Part M, § 280e(b)(1)]. Matching funds may be cash, in-kind, or donated services or equipment. Contributions may be made directly or through donations from public or private entities. However, Title 48 of the U.S. Code 1469a (d) requires DHHS to waive matching fund requirements for Guam, U.S. Virgin Islands, American Samoa and the Commonwealth of the Northern Mariana Islands up to \$200,000. Public Law 93-638 authorizes tribal organizations contracting under the authority of Title 1 to use funds received under the Indian Self-Determination Act as matching funds. Non-federal financial contributions in excess of the Maintenance of Effort may be used for matching.

Matching funds may not include: (1) payment for treatment services or the donations of treatment services (2) services assisted or subsidized by the Federal government; or (3) the indirect or overhead costs of an organization. All costs used to satisfy the matching requirement must be documented by the applicant and will be subject to audit. Documentation of appropriate matching is to be provided in the detailed budget and narrative justification.

Maintenance of Effort (MOE) Requirement: MOE represents an applicant/recipient historical level of contributions related to federal programmatic activities which have been made prior to the receipt of federal funds "expenditures (money spent)." MOE is used as an indicator of non-federal support for public health before the infusion of federal funds. These expenditures are calculated by the recipient without reference to any federal funding that also may have contributed to such programmatic activities in the past. Recipients must stipulate the total dollar amount in their grant applications. Recipients must be able to account for MOE separately from accounting for federal funds and separately from accounting for any matching funds

requirement; this accounting is subject to ongoing monitoring, oversight, and audit. MOE may not include any matching funds requirement.

NBCCEDP: Maintenance of Effort is required for this program in accordance with the authorizing legislation PL 101-354. The average amount of non-Federal contributions toward breast and cervical cancer programs and activities for the two-year period preceding the first Federal fiscal year of funding for NBCCEDP is referred to as Maintenance of Effort (MOE). Only those non-Federal contributions in excess of the MOE amount may be considered matching funds. Supplanting, or replacing, existing program efforts currently paid with Federal or non-Federal sources is not allowable.

NCCCP: Maintenance of effort is not required for this program.

NPCR: Maintenance of Effort is required for this program. Recipients must agree to make available (directly or through donations from public or private entities) non-Federal contributions equal to the amount expended during the fiscal year preceding the first year of the original NPCR cooperative agreement award for the collection of data on cancer, as noted in Public Health Service Act (42 USC 280e-280e-4).

In determining the amount of non-Federal contributions for cost-sharing or matching, the recipient may include only those contributions that are in excess of the amount of contributions made by the State for collection of data on cancer for the fiscal year preceding the first year of the original NPCR cooperative agreement award. CDC may decrease the amount of non-Federal contributions required if the State can show that the amount will cause them financial hardship [Title 42, Chapter 6A, Subchapter II, Part M, § 280e(b)(2)(B)].

REPORTING REQUIREMENTS

Annual Federal Financial Report (FFR, SF-425): The Annual Federal Financial Report (FFR) SF-425 is required and must be submitted no later than 90 days after the end of the budget period. To submit the FFR, log in to <https://pms.psc.gov/>, select "Federal Financial Report" from the menu bar and then click on Federal Financial Reporting.

The FFR for the budget period 04 is due by **September 30, 2021**. Reporting timeframe is **June 30, 2020** through **June 29, 2021**. The FFR is cumulative and should only include those funds authorized and disbursed during the timeframe covered by the report.

Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, the recipient is required to contact the Grants Officer listed in the contacts section of this notice before the due date.

Performance Progress and Monitoring: Performance information collection initiated under this grant/cooperative agreement has been approved by the Office of Management and Budget under OMB Number 0920-1132, "Performance Progress and Monitoring Report", Expiration Date 10/31/2022. The components of the PPMR are available for download at: <https://www.cdc.gov/grants/alreadyhavegrant/Reporting.html> .

Required Disclosures for Federal Awardee Performance and Integrity Information System (FAPIIS): Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the CDC, with a copy to the HHS Office of Inspector General (OIG), all

information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Subrecipients must disclose, in a timely manner in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Disclosures must be sent in writing to the CDC and to the HHS OIG at the following addresses:

CDC, Office of Grants Services
Emmanuella Lamothe, Grants Management Officer/Specialist
Centers for Disease Control and Prevention
Branch 5 Supporting Chronic Diseases and Injury Prevention
Email: omy9@cdc.gov (Include "Mandatory Grant Disclosures" in subject line)

AND

U.S. Department of Health and Human Services
Office of the Inspector General
ATTN: Mandatory Grant Disclosures, Intake Coordinator
330 Independence Avenue, SW
Cohen Building, Room 5527
Washington, DC 20201

Fax: (202)-205-0604 (Include "Mandatory Grant Disclosures" in subject line) or
Email: MandatoryGranteeDisclosures@oig.hhs.gov

Recipients must include this mandatory disclosure requirement in all subawards and contracts under this award.

Failure to make required disclosures can result in any of the remedies described in 45 CFR 75.371. Remedies for noncompliance, including suspension or debarment (See 2 CFR parts 180 and 376, and 31 U.S.C. 3321).

CDC is required to report any termination of a federal award prior to the end of the period of performance due to material failure to comply with the terms and conditions of this award in the OMB-designated integrity and performance system accessible through SAM (currently FAPIIS). (45 CFR 75.372(b)) CDC must also notify the recipient if the federal award is terminated for failure to comply with the federal statutes, regulations, or terms and conditions of the federal award. (45 CFR 75.373(b))

PAYMENT INFORMATION

The HHS Office of the Inspector General (OIG) maintains a toll-free number (1-800-HHS-TIPS [1-800-447-8477]) for receiving information concerning fraud, waste, or abuse under grants and cooperative agreements. Information also may be submitted by e-mail to hhstips@oig.hhs.gov or by mail to Office of the Inspector General, Department of Health and Human Services, Attn: HOTLINE, 330 Independence Ave., SW, Washington DC 20201. Such reports are treated as sensitive material and submitters may decline to give their names if they choose to remain anonymous.

Payment Management System Subaccount: Funds awarded in support of approved activities have been obligated in a subaccount in the PMS, herein identified as the "P Account". Funds must be used in support of approved activities in the NOFO and the approved application.

The grant document number identified on the bottom of Page 1 of the Notice of Award must be known in order to draw down funds.

PROGRAM OR FUNDING SPECIFIC CLOSEOUT REQUIREMENTS

The final programmatic report format required is the following.

Final Performance Progress and Evaluation Report: This report should include the information specified in the NOFO and is submitted 90 days following the end of the period of performance via www.grantsolutions.gov. At a minimum, the report will include the following:

- Statement of progress made toward the achievement of originally stated aims.
- Description of results (positive or negative) considered significant.
- List of publications resulting from the project, with plans, if any, for further publication.

Additional guidance may be provided by the GMS and found at:

Hi Ms. Fara,

Thank you for sharing USPS response and what had happened. Navigating the mailing system especially during the pandemic can be tricky.

In the meantime, my supervisor has requested for a signed electronic copy of the contract. We want to route the document ASAP. Please continue to track the original.

Thanks,

 Arlie

Hi Arlie,

Forwarding you a response from USPS. I usually go to the post office for this kind of mail, but I decided to drop this off in a collection box after hours. I thought I was just being paranoid about going to the post office.

There is a reason and I doubted my instinct. Lesson learned!
