Tel. (671) 922-2533

INSTRUCTIONS

FORM A is to be completed by all applicants seeking a Sanitary Permit regardless of the type of business.

The acceptance of this completed Form A by the Division of Environmental Health, (DEH) of the Department of Public Health and Social Services (DPHSS) is not an approval by the DEH for the applicant to begin its operation. The application must be reviewed and the facility must be inspected prior to the issuance of the Sanitary Permit. An illegible application form will be returned and not processed. Please type, or print legibly, using black or blue ink.

The application and its supporting documents must be submitted at least 30 days prior to the planned opening of the establishment. Upon submission of the application, DPHSS representative at the Permit Center will review the documents. At this time, a non-refundable deposit of Thirty Dollars (\$30.00) must be made prior to scheduling the Pre-operational Inspection. The cost of the initial Pre-operational Inspection is included in the Sanitary Permit fee. However, a fee of Fifty Dollars (\$50.00) per hour will be assessed for all subsequent inspections. An applicant may request for an expedited Pre-operational Inspection and may be granted one if such inspection does not cause the disruption of any pre-existing inspections scheduled for other applicants. The fee for expedited Pre-operational Inspection is Two Hundred Dollars (\$200.00) in addition to all other required fees.

Applicants are encouraged to read all applicable rules and regulations, which are provided by DPHSS, so that all required equipment and materials are available and functioning during the Pre-Operational Inspection. The application will not be processed until the facility passes this inspection and all of the required supporting documents have been received and approved by DPHSS. Failure to submit all the required documents will result in the non-processing of the application.
