VIII. PRIORITIZATION OF SERVICES

Guam SOA, DPHSS, DSC recognizes the unique situation in which the demand for services may outweigh the available resources. Therefore, the following scale shall be used as a guideline to prioritize the provision of services to those in greatest socio-economic need, as necessary and directed by the Guam SOA:

1. **Purpose.** When demand outweighs resource, the Offeror shall request from the Guam SOA for the activation of the Prioritization of Services. In addition to the request to activate the Prioritization of Services, the Offeror shall also state what it would take to address the wait-list to include projected cost to address the wait-list.
2. **Need.** Based on the need to activate this provision, the number of persons to be served will be determined by the existing conditions at the time of implementation. In the event that the number of available slots is not sufficient to provide services to the number of persons determined, to be at-risk and in need of services, the number of Activities of Daily Living (ADL) impairments will be applied to this distinct group as an additional determining factor as to who will receive for services from this program.

3. Procedures. When the Offeror receives notification from the Guam SOA to activate the application of the Prioritization of Services point system, the entire list of eligible clients shall be ranked. The entire list is defined as all who are receiving services, those on a partial or wait list, as well as new referrals.

Upon receiving approval to proceed with the activation of the Prioritization of Services or is guided by the Guam SOA otherwise, the Offeror shall act according to the response provided by the Guam SOA. In the event the decision is to activate the Prioritization of Services, the guide provided will be used to determine of all registered clients in the program, the ranking order of the clients in greatest socio-economic need with the client listed as number 1 being the first client to receive services.

The Prioritization of Services scale will be based on a point system in three (3) focal areas, the older individual's: (1) mobility, (2) degree of existing support system, and (3) housing condition.

Activities of Daily Living (ADL) – The inability to perform one or more of the following six Activities of Daily Living without personal assistance, stand-by assistance, supervision or cues: *eating, dressing, bathing, toileting, transferring in and out of bed/chair, and walking.*

| | |
|--------------|---|
| Point System | 1 point will be added to clients with 1-2 ADL impairments. |
| | 2 points will be added to clients with 3-4 ADL impairments. |
| | 3 points will be added to clients with 5-6 ADL impairments. |

Another determining factor in this point system may include whether the older individual is responsible for the care of a dependent. Clients will be given an additional one (1) point if they are also caregivers. Any application of a scale of similar or like form is permissible provided prior authorization is granted by the Guam SOA.

Greatest priority will be given to older individuals in descending order, with nine (9) being the highest possible points garnered translating to the older individual in greatest socio-economic need.

| Point System | Mobility | Support System | Housing Condition |
|--------------|-------------------------|---|-------------------------|
| 1 | Cane or Walker | Support available; but not living in same household | Full concrete structure |
| 2 | Wheelchair users | Minimal support; but not regularly available | Semi-concrete structure |
| 3 | Homebound and bedridden | No support system in place | Tin and wood structure |

After applying the Prioritization of Services (POS) and the demand for services still outweigh the available resources the Offeror is required to advise the Guam SOA who will provide additional guidance and direction to the Offer as to other variables and/or conditions to assess to reduce the demand to meet the available resources. At the time of the initial assessment, clients, to include their caregivers, will be informed that when the prioritization of services is implemented and the client is not determined to be in greatest social and economic need, upon written notification, they would be removed from the program until such time a slot is open and they are identified, after all clients have been re-prioritized, that they are determined to be next qualified to be re-instated into the program. There shall be a 30 day transition period for clients removed from the program.

4. The catalyst for the POS to be activated by the Guam SOA is dependent on the Guam SOA receiving official notification from the Offeror that all vacancies are filled, there are no funds available for reprogramming to address the waitlist, and there are clients on the wait list for over 30 calendar days. The Offeror is required to provide written notification and state the cost to provide services to those on the waitlist and partial services list as well as the cost to provide services to additional clients for the remainder of the contract year.
5. When the Offeror receives notification from the Guam SOA to activate the application of the (POS) point system, the entire list of eligible clients will be ranked. The entire list is defined as all who are receiving services, those on a partial or waiting list, as well as new referrals. The Offeror is required to advise all Case Management Services (CMS) clients of this provision which will also be documented in each case file.
6. In the event the Offeror implements the POS absent the notification from the Guam SOA, the Offeror's Monthly Program Invoice (MPI) shall be reduced by 25% for non-compliance with this provision of the agreement.

***Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 (\$16.20 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.80 per hour, up to 40 hours per week, or \$192.00 per week or \$832.00 per month

HEALTH & WELFARE EO 13706: \$4.41 per hour, up to 40 hours per week, or \$176.40 per week, or \$764.40 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least \$27.63 per hour (or at least \$684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**** HAZARDOUS PAY DIFFERENTIAL ****

An 8 percent differential is applicable to employees employed in a position that

represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

**** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS ****

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

**** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) ****

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which

shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

COMPLIANCE WITH FEDERAL LAWS AND REGULATIONS

**Department of Public Health and Social Services
Division of Senior Services
U.S. Department of Health and Human Services
Administration of Community Living – Older Americans Act Title III
Federal Grant Funds**

Offeror/Bidder/Offeror/Subrecipient by signing below agree to comply with HHS Requirements which follow:

(See <https://www.acl.gov/grants/managing-grant#3> for a complete listing of Terms and Conditions; including HHS Grants Policy Statement as to the flow-down of clauses and requirements; the Uniform Guidance 2 CFR Part 200 and 45 CFR, Part 75 for HHS Awards – Contract Provisions, and the Notice of Grant Award).

A. Standards of Conduct for Recipient Employees.

HHS requires recipients to establish safeguards to prevent employees, consultants, members of governing bodies, and others who may be involved in grant-supported activities from using their positions for purposes that are, or give the appearance of being, motivated by a desire for private financial gain for themselves or others, such as those with whom they have family, business, or other ties. These safeguards must be reflected in written standards of conduct. Except as provided below, HHS does not require a recipient to establish separate standards of conduct if it maintains such standards for its non-grant-supported activities, as long as those standards are consistent with State and local laws and cover, at a minimum, expected conduct in regard to financial interests, gifts, gratuities and favors, nepotism, and such other areas for governmental organizations as political participation and bribery.

The standards also must do the following:

- Address the conditions under which outside activities, relationships, or financial interests are proper or improper.
- Provide for advance notification of outside activities, relationships, or financial interests to a responsible organizational official.
- Include a process for notification and review by the responsible official of potential or actual violations of the standards.
- Specify the nature of penalties that the recipient may impose. These penalties would be in addition to any penalties that HHS or a cognizant Federal agency may impose for infractions that also violate the terms and conditions of award.

Recipients are not required to submit its general standards of conduct to HHS for review or approval. However, a copy must be made available to each of the recipient's officers; each employee and consultant working on the grant-supported program, project, or activity; each member of the governing board, if applicable; and, upon request, the OPDIV. The recipient is responsible for enforcing its standards of conduct, taking appropriate action on individual infractions, and, in the case of financial conflict of interest, informing the GMO if the infraction is related to a research award (see "Other Research-Related Requirements—Financial Conflict of Interest" for the specific regulatory requirements that apply to financial conflict of interest under research grants).

If a suspension or separation action is taken by a recipient against a PI/PD or other key personnel, the recipient must request prior approval of the proposed replacement.

B. Hatch Act.

The Hatch Act restricts political activity of executive branch employees of the federal government and District of Columbia government employees (5 U.S.C. 7321–7328) and State or local officers or employees (5 U.S.C. 1501–1528). "State or local officer or employee" means an individual employed by a State or local agency whose principal employment is in connection with an activity that is financed in whole or in part by loans or grants made by the United States or a Federal agency. (Certain State educational or research institutions are excluded from this definition.)

C. Age Discrimination Act of 1975.

The Age Discrimination Act of 1975, 42 U.S.C. 6101 *et seq.*, prohibits discrimination on the basis of age in any program or activity receiving Federal financial assistance. The HHS implementing regulations are codified at 45 CFR part 91.

D. Civil Rights Act of 1964.

Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d *et seq.*, provides that no person in the United States will, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The HHS implementing regulations are codified at 45 CFR part 80.

E. Education Amendments of 1972.

Title IX of the Education Amendments of 1972, 20 U.S.C. 1681, 1682, 1683, 1685, and 1686, provides that no person in the United States will, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance. The HHS implementing regulations are codified at 45 CFR part 86.

F. Rehabilitation Act of 1973.

Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, as amended, provides that no otherwise qualified handicapped individual in the United States will, solely by reason of the handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. These requirements pertain to the provision of benefits or services as well as to employment. The HHS implementing regulations are codified at 45 CFR parts 84 and 85.

G. Conflict of Interest.

Subrecipients or Offerors must establish personnel policy to prevent employees, consultants, members of governing bodies, and others involved in grant-supported activities from using their positions for purposes that are, or give the appearance of being, motivated by a desire for private financial gain for themselves or others, such as those with whom they have family, business, or other ties. The personnel policy must:

- Address the conditions under which outside activities, relationships, or financial interests are proper or improper.
- Provide for advance notification of outside activities, relationships, or financial interests to a responsible organizational official.
- Include a process for notification and review by the responsible official of potential or actual violations of the standards.
- Specify the nature of penalties that may be imposed for violations.

H. Drug-Free Workplace.

The personal policy must include the following:

- The unlawful manufacture, distribution, dispensing, possession, or use of controlled substances is prohibited in the workplace.
- Employees must notify management, as a condition of employment, in writing within five calendar days, if they are convicted of violating a criminal drug statute.
- Appropriate personnel action must be taken, within 30 calendar days, against any employee convicted of violating a criminal drug statute up to and including termination, or require the employee to participate satisfactorily in a federal, state, local, or law enforcement-approved drug abuse assistance or rehabilitation program.
- Federal agencies must be notified in writing, within 10 calendar days, if any employee engaged in the performance of an award is convicted of violating a criminal drug statute.

L. Same-Sex Marriage – United States v. Windsor, 133 S.Ct. 2675 (June 26, 2013); section 3 of the Defense of Marriage Act, codified at 1 USC § 7.

All grantees are expected to recognize any same-sex marriage legally entered into in a U.S. jurisdiction that recognizes their marriage, including one of the 50 states, the District of Columbia, or a U.S. territory, or in a foreign country so long as that marriage would also be recognized by a U.S. jurisdiction. This applies regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. However, this does not apply to registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage. Accordingly, recipients must review and revise, as needed, any policies and procedures which interpret or apply Federal statutory or regulatory references to such terms as “marriage,” “spouse,” family,” “household member” or similar references to familial relationships to reflect inclusion of same-sex spouse and marriages. Any similar familial terminology references in HHS statutes, regulations, or policy transmittals will be interpreted to include same-sex spouses and marriages legally entered into as described herein. Federal grant funds from the U.S. Department of Health and Human Services, Administration for Community Living (ACL) are part of this procurement. The ACL has issued guidance as to same-sex marriage and its grant funds. In the event that the guidance applies to this procurement, then Offeror agrees to comply with any and all requirements of the ACL with regard to its guidance on same-sex marriage.

M. Pilot Program for Enhancement of Offeror Whistleblower Protections.

The effective date is for grants and contracts issued on or after July 2, 2013.

Offeror agrees to comply with Section 1553 of the American Recovery and Reinvestment Act of 2009 (ARRA), which states: An employee of any non-Federal employer receiving covered funds may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee’s duties, to the Board, an inspector general, the Comptroller General, a member of Congress, a State or Federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or such other person working for the employer who has the authority to investigate, discover, or terminate misconduct), a court or grand jury, the head of a Federal agency, or their representatives, information that the employee reasonably believes is evidence of— (1) gross mismanagement of a contract or grant relating to ARRA funds; (2) a gross waste of ARRA funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of ARRA funds; (4) an abuse of authority related to implementation or use of ARRA funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract) or grant, awarded or issued relating to ARRA funds. Offeror agrees that it and its subcontractors shall post notice of the rights and remedies available to employees under Section 1553 of the ARRA.

N. Certification Regarding Lobbying.

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

O. The Consolidated Appropriations Act, 2022 § 202, (P.L. 117-103), enacted March 15, 2022. Salary Restriction.

"None of the funds appropriated in this title shall be used to pay the salary of an individual, through a grant or other extramural mechanism, at a rate in excess of Executive Level II., restricts the amount of direct salary that may be paid to an individual under a ACL grant or cooperative agreement to a rate no greater than Executive Level II of the Federal Executive Pay Scale. Effective January 2022, the Executive Level II salary level is \$203,700. This amount reflects an individual's base salary exclusive of fringe benefits. An individual's institutional base salary is the annual compensation that the recipient organization pays an individual and excludes any income an individual may earn outside the applicant organization duties.

You may not use ACL funds to pay a salary in excess of this rate. This salary limitation also applies to subrecipients under a ACL grant or cooperative agreement. The salary limitation does not apply to payments made to consultants under this award; although, as with all costs, those payments must meet the test of reasonableness and be consistent with the recipient's institutional policy.

Note: an individual's base salary, per se, is not constrained by the statutory provision for a limitation of salary. The rate limitation simply limits the amount that may be awarded and charged to ACL grants and cooperative agreements. For individuals whose salary rates are in excess of Executive Level II, the non-federal entity may pay the excess from non-federal funds.

P. Gun Control (Section 217) "None of the funds made available in this title may be used, in whole or in part, to advocate or promote gun control."

S. Restriction on Distribution of Sterile Needles (Section 522) "Notwithstanding any other provision of this Act, no funds appropriated in this Act shall be used to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug."

T. Anti-Lobbying (Section 503)

a. No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111-148 shall be used, other than for normal and recognized executive legislative relationships, for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the Congress or any State or local legislature or legislative body, except in presentation to the Congress or any State or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government, except in presentation to the executive branch of any State or local government itself.

b. No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111-148 shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any State government, State legislature or local legislature or legislative body, other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a State, local or tribal government in policymaking and administrative processes within the executive branch of that government.

c. The prohibitions in subsections (a) and (b) shall include any activity to advocate or promote any proposed, pending or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including but not limited to the advocacy or promotion of gun control.

U. Federal Awardee Performance and Integrity Information System (FAPIIS).

As required by 2 CFR 200 Appendix XII of the Uniform Guidance, non-federal entities (NFEs) are required to disclose in FAPIIS any information about criminal, civil, and administrative proceedings, and/or affirm that there is no new information to provide. This applies to NFEs that receive federal awards (currently active grants, cooperative agreements, and procurement contracts) greater than \$10,000,000 for any period of time during the period of performance of an award/project.

V. The Duncan Hunter National Defense Authorization Act of 2009 (Public Law 110-417) was enacted on October 14, 2008. Section 872 of this Act required the development and maintenance of an information system that contains specific information on the integrity and performance of covered federal agency Offerors and grantees. FAPIIS was developed to address these requirements. FAPIIS provides users access to integrity and performance information from the FAPIIS reporting module in the Offeror Performance Assessment Reporting System (CPARS), proceedings information from the Entity Management section of the System for Award Management (SAM) database, and suspension/debarment information from the Performance Information section of SAM. See [2 CFR 200 Appendix XII](#) for full citation.

 - (3) Enter into contract (or extend or renew contract) to procure or obtain equipment, services, or systems that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards and Appendix II to Part 75—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where Offerors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, Offerors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, Offerors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each Offeror must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the

The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. ATTACHMENT C - AGING PROGRAM SERVICES

Through funding from the ACL, Administration on Aging, as authorized through the Older Americans Act of 1965, as Amended, the Guam SOA provides the following services, either directly or through contract, *while the Guam SOA reserves the option to provide services in instances where such services can be provided more economically, and with comparable quality, by such State agency, Guam SOA. (Ref: Sec. 307 (B)(8)(A)(iii), AOO of 1965, as Amended)*

A) Title III-B Supportive Services

Services include three Adult Day Care Centers, Case Management Services, In-Home Services, Legal Assistance Services, 12 Senior Citizens Centers, and Fixed and Non-Fixed Transportation Services. These services comprise a component of the formal support system for older individuals to assist them in maintaining their independence, dignity and quality of life. Additionally, these services protect their fundamental rights and distinct privileges as older individuals residing on Guam.

1) Adult Day Care (ADC)

The three ADC Centers provides a respite type program for older adults who are unable to function at home without supportive services and who do not need 24 hour care. Activities are individualized and consider the education, social, therapeutic, spiritual, and recreational needs of the older individual. Of the three (3) facilities authorized as ADC Centers, one (1) located in Dededo specifically serves clients with confirmed cases of dementia (ADC: Dementia Center), the other located in Macheche, Dededo serves all other eligible clients (ADC), and the third center located in Inarajan serves both clients with and without dementia, providing care to a combined total of 119 clients at any given time of the day.

2) Case Management Services (CMS)

The CMS program provides services to elderly individuals in a systematic process of assessment and reassessment, planning, service and care coordination, referral, and monitoring whereby multiple service needs of clients are met with available resources, and unmet needs identified. The CMS program serves as the point of entry for the Adult Day Care, In-Home Services and Elderly Nutrition (Home-Delivered Meals) programs. Other services provided include, but is not limited to providing Information, Referral & Assistance in applying for public assistance (housing, welfare, Medicaid, MIP, legal services, etc.), assisted transportation, money management, and picking up medications. The provision of CMS services is performed through traditional casework practices with the client and caseworker developing a person-centered Individualized Care Plan (ICP) that reflects the needs and desires of the client. The client is provided options for long-term services and supports (LTSS) and it is the client who decides which if any of the LTSS is going to be accessed or a referral is made for services. Further, the staffs of this program collaborate with local health facilities (i.e. hospital) to transition clients back to their homes or in some cases from their participation at one of the 12 Senior Citizens Centers to one of the three Adult Day Care Centers. The Guam SOA has contracted a web-based information and management system developer for software and services to establish communication among participating agencies in order to increase access of seniors age 60 and older and adults 18 and older with disabilities to information and linkages to long-term services and supports.

3) In-Home Services (IHS)

The IHS program provides assistance to frail individuals who are without a caretaker and are at risk of institutionalization due to limitations on their ability to function independently, as well as to frail individuals who have a caretaker, but who may need additional assistance with personal care, homemaker and chore services at home. This program is an essential part of the overall support that caregivers may need to keep their senior family member at home and to prevent premature institutionalization, abuse and off-island placements.

4) Legal Assistance Services (LAS)

Legal Assistance Services provides legal advice and representation by an attorney to older individuals with economic or social needs and includes to the extent feasible, counseling or other appropriate assistance by a paralegal or law student under the direct supervision of an attorney; and counseling or representation by a non-lawyer where permitted by law to approximately 500 eligible older individuals.

5) Senior Center Operations (SCO)

The SCO program provides services designed to enable older individuals attain and maintain physical and mental well-being by addressing their physical, social, psychological, economic, educational, and recreational and health needs. SCO services are available to individual's age 60 years or older and their spouse below age 60, provided the spouse is accompanying the participating senior. The Centers offers participants a broad spectrum of services and activities, which at a minimum, include information and assistance, disease prevention and health promotion activities, health and wellness programs, recreational opportunities, arts programs, volunteer opportunities, educational opportunities, multi-generational activities, social and community interaction opportunities, activities to support annual Senior Citizens' Month Celebrations, and other special activities and services. The 12 Senior Centers are located in the villages of Agana Heights, Agat, Astumbo, Dededo, Inarajan, Mangilao, Merizo, Santa Rita, Sinajana, Tamuning, Yigo, and Yona/Talofofo.

6) Transportation Services Program (TSP)

The TSP provides transportation services to older persons who are unable to operate a vehicle or have no mode of transportation to enable them to gain mobility and independence in accessing essential services. Persons who are frail, homebound by reason of illness or incapacitating disability, or otherwise isolated, are given priority in the delivery of transportation services. Services may also be available to a non-senior spouse or escort accompanying the older participating individual. Vehicles used to transport older individuals who have a disability are in compliance with the requirements of the Americans with Disabilities Act. The TSP consists of two (2) service components:

Transportation (General). This is a door-to-door service that provides transportation for the senior from their home to one of the 12 Senior Citizens' Centers and three (3) Adult Day Care Centers, with a return trip home upon conclusion of the day's activities. This service applies to all adults, age 60 years and older and their accompanying spouse. Many of these persons would be homebound with no means of transportation without this service.

Assisted Transportation. The Assisted Transportation service provides assistance, including escort, to a senior who has difficulties (physical or cognitive) using regular vehicle transportation. This service provides transportation from their homes to Senior Citizens and Adult Day Care Centers and to requested medical services such as: doctor's appointments, lab tests, therapy, pick up of prescriptions, dental appointments, and access to medical-related services (i.e., Medicare, Medicaid).

B) Title III-C Nutrition Services

This program ensures the provision of a hot, nutritious meal that meets a minimum of 33 and 1/3 percent of the current daily Recommended Dietary Allowance (RDA), as established by the Food and Nutrition Board of the National Academy of Sciences, National Research Council. The meal service provided is lunch and the Guam SOA has designed the nutrition services contract to provide additional meal service, such as breakfast or dinner, should additional local funds be appropriated.

1) Elderly Nutrition Program (ENP) – Congregate Meals (C1). ENP C1 services are provided to individuals age 60 years or older and their spouse, regardless of age, if accompanying the senior, in a congregate setting Monday through Friday, except on Federal and local holidays. The Government reserves the option of providing meals to volunteers working at the Centers and to individuals who have a disability whom otherwise meet Federal and local criteria. There are 15 congregate sites which include the 12 Senior Citizens Centers and the three Adult Day Care Centers. There remains at the discretion of the Guam SOA, the option to expand congregate sites to include settings where elders and adults with a disability are part of a housing project.

2) Elderly Nutrition Program (ENP) – Home-Delivered Meals (C2). The ENP C2 provides nutrition services to individuals age sixty (60) years or older who are home-bound and have difficulty performing at least two Activities of Daily Living and their spouse who serves as a primary caregiver regardless of age, in a home setting Monday through Sunday, except on the 10 recognized holidays as determined by the contracted vendor. If a senior accesses this service to its maximum service level, the senior could avail themselves of 355 meals in a fiscal year.

C) Title III-D Preventive Health

The Guam SOA provides Preventive Health services and information at the Senior Citizens Centers and Adult Day Care Centers. The objectives are to provide older individuals with opportunities for increased life expectancy and improved health and quality of life, and to enhance access to public and private programs that promote physical and mental well-being (Senior Outreach); to establish collaborative partnerships with public and private programs, agencies and organizations in the area of preventive health (Collaboration and Partnership); and to provide technical assistance in the establishment of government policies and programs that promote healthy aging and disease prevention, and that ensure access to quality health and long-term care (Systems and Policy). The Guam SOA shall, to the fullest extent possible, assure collaboration with and utilization of preventive health services provided by other departmental programs, public agencies, and community organizations.

D) Title III-E National Family Caregiver Support Program (NFCSP)

Provides support services to families and older individuals that are relative caregivers caring for their frail elderly family members and to grandparents or older individuals who are relative caregivers of children who are 18 and under or adults with disability. The NFCSP provides the five basic services required by the Older Americans Act, as Amended, as follows: information to caregivers about available services; assistance to caregivers in gaining access to supportive services; individual counseling, organization of support groups, and caregiver training to caregivers to assist the caregivers in making decisions and solving problems relating to their care giving roles; respite care to enable caregivers to be temporarily relieved from their care giving responsibilities; and supplemental services, on a limited basis, to complement the care provided by caregivers.

E) Title VII - Elder Rights

1) Elder Abuse Prevention

100% Federal funding provides resources for off-island training of staff, outreach and educational activities, and cost-sharing for administrative supplies, materials, and equipment in support of the locally funded Bureau of Adult Protective Services.

2) Long Term Care Ombudsman (LTCO) Program

Services provided by the LTCO protect the health, safety, welfare and rights of elderly residents of long-term care and assisted living facilities by identifying, investigating and resolving complaints made by and on behalf of them. Currently, Guam does not have an assisted living facility; however, a task force was convened to develop and establish an assisted living facility on Guam. At this point, the task force has not met as the lead was a former legislator who is no longer in this capacity, therefore, it may be an initiative the Guam SOA may resurrect once the Guam SOA and all its Bureaus made up of 31 full time staff are on board. A Social Worker III within the Bureau of Adult Protective Services is designated as Guam's State Long-Term Care Ombudsman, and conducts regular visits to facilities such as St. Dominic's Senior Care Home, Guam Memorial Hospital Skilled Nursing Unit (SNU) and the three Adult Day Care (ADC) Centers. The Ombudsman also serves as a facilitator during monthly Resident Council meetings at the SNU and St. Dominic's Senior Care Home, as well as conducts scheduled presentations to disseminate information about program services to residents, family members, caregivers and employees. This position is funded by Federal and local funds with the percentages varying each fiscal year, with FY 2020 at approximately 61% Federal and 39% local respectively.

The Guam SOA administers the following locally funded aging programs:

F) Adult Protective Services (APS)

The program is mandated by P.L. 31-278, to provide protective services to elderly persons, age 60 years and above and adults who have a disability, ages 18 - 59 who have been abused, neglected and/or exploited. (Prior mandates of this Bureau are P.L. 19-54 as amended by P.L. 21-33.)

Services to the elderly and adults who have a disability are provided in a manner least restrictive to the dignity of the alleged victim and in consideration of the values and practices of their culture. Reports of alleged abuse are received and investigated with initial assessments serving as the basis as to the next steps to be taken on the case. In addition, an emergency shelter is available to seniors and adults with a disability who are in imminent danger from further abuse. A component of the emergency shelter is the provision of a 24-Hour Crisis Intervention Hotline available to receive referrals and respond to cases after hours. Initiation, development and technical support for community and family services are also offered to include training for public awareness and education.

1) Emergency Receiving Home (ERH) Program

A component of the local Bureau of Adult Protective Services (APS) is the Emergency Receiving Home (ERH) Program/Crisis Intervention Hotline, a contracted service which provides protective services seven days a week, 24-hours a day, ensuring that elderly and adults with disabilities who are victims of abuse have access to emergency shelter at and crisis intervention services at all times. The availability of the ERH has proven essential to the community, ensuring the safety and protection of victims of serious abuse and neglect, in an emergency. The shelter affords victims the opportunity to escape their abusive situation, a '*safe haven*', until other living arrangements can be made. Further, the ERH has been named "Guma Serenidad" (Home of Serenity) effective December 1, 2015.

G) Senior Citizens Month (SCM)

Senior Citizens Month is a time honored tradition to recognize the accomplishments, achievements and contributions our island's senior citizens have made and continue to make that shape our island's economy, lifestyle, and value system. Since the enactment of Public Law 17-35 in 1983, our island community has proclaimed May as Senior Citizens Month.

The aging network, in collaboration with several governmental agencies and non-profit and for profit organizations, provide a number of activities in celebration of the month. Traditionally, annual festivities include the Proclamation Signing, Governor's Guam Conference on Aging, Legislative Reception, Guam SMP/SHIP Volunteer Appreciation Activity, Frail Elderly Mass, May Crowning, and a Centenarian Celebration. For years, 2016, 2017, 2018 and 2019, events have for the most part remained with the traditional events noted earlier.

H) Guam State Health Insurance Assistance Program (Guam SHIP)

Funded in part by the Administration for Community Living, Guam's SOA, has been administering the Guam State Health Insurance Assistance Program, locally recognized as the Guam Medicare Assistance Program (Guam MAP), since 2004. The Bureau of Community Support (BCS) program staff, partners and a cadre of volunteers assists Medicare beneficiaries who need information, counseling, and enrollment assistance beyond what they are able to receive on their own through 1-800-MEDICARE and www.medicare.gov. Staff, partners and volunteers are trained to provide accurate and objective information to help beneficiaries understand and utilize their Medicare benefits through personalized counseling, education, and outreach to assist Medicare beneficiaries make informed health care decisions.

Guam SOA uses grant funding to pursue four (4) SHIP program objectives: One-on-One Counseling, Outreach, Quality Assurance, and Collaboration with ACL.

I) Guam Senior Medicare Patrol Project (Guam SMP)

In 2005, Guam SOA received a one year demonstration grant award from the Administration on Aging (AoA) to administer the Guam Senior Medicare Patrol (SMP) Project. Thereafter, Guam SOA has received funding through a continuous application process. The goal of Guam SMP is to continue expanding Project outreach and education activities to empower Medicare/Medicaid beneficiaries, family members, caregivers and other consumers, to protect themselves against Medicare/Medicaid error, fraud and abuse and know where to report it. In collaboration with Guam MAP, Guam SMP develops, plans, and implements various activities to meet its Project objectives.

J) Aging and Disabilities Resource Center (ADRC)

The Guam ADRC Project, established in 2005, was a project funded by a Federal grant awarded by the Administration on Aging and the Centers for Medicare and Medicaid Services to the Guam Department of Mental Health and Substance Abuse and administered by the Department of Integrated Services for Individuals with Disabilities (DISID).

The project goals were to:

1. Decrease the amount of time between referral and intake;
2. Increase diversions from institutional settings;
3. Increase awareness about Medicare/Medicaid benefits (including Part D coverage); and
4. Decrease rates of hospital readmissions within 30 days of discharge.

A primary component of the Guam ADRC Project is the development of a virtual or web-based consumer information and management system that establishes electronic communication among participating agencies in order to increase access of seniors (defined as individuals age 60 or older) and adults (defined as individuals aged 18 or older) with disabilities to information and linkages to long-term supports and services. The Guam GetCare System:

1. Provides an avenue to obtain information on existing programs for senior citizens and persons with disabilities;
2. Allows registered consumers access to their personal profile;
3. Provides service providers and vendors with tools for collecting and inputting consumer data;
4. Eventually will allow service providers and vendors a means to make electronic referrals;
5. Eventually will be developed to be used to calendar community events; and
6. Provide a Resource Directory on services available to assist seniors, persons with disabilities and other parties who commit to being a user of the system.

On June 26, 2018, the Software and Services was contracted to RTZ Associates, Inc. with parts of the system in use while other components are under development. The contract has the option for annual renewals up through September 30, 2022. Further, the Guam SOA will be working with the software developer to update its website and is considering a name change.

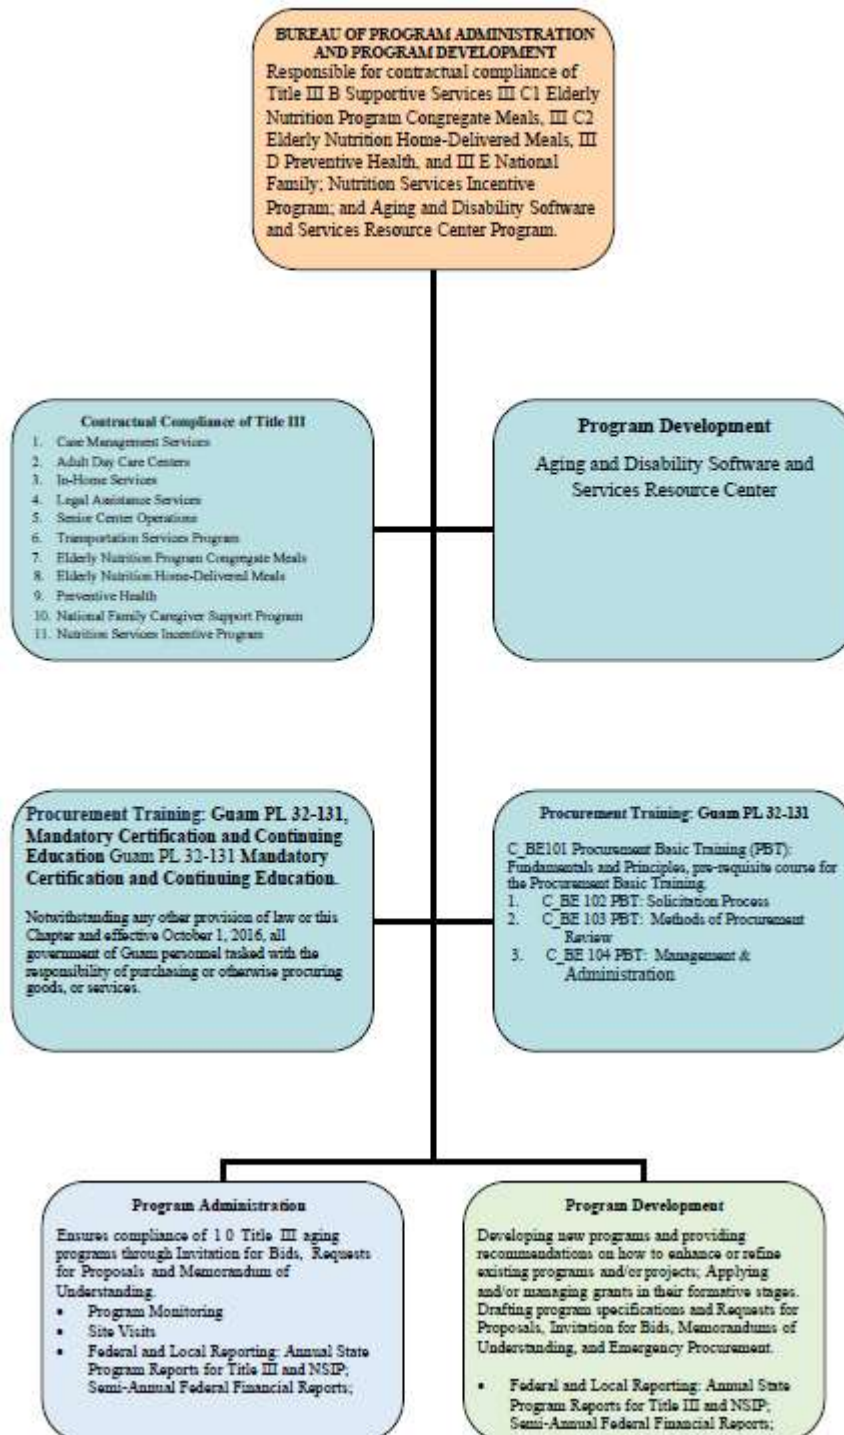

The goals of Guam GetCare are to:

1. Implement a No-Wrong-Door process, ensuring that everyone has the same access to information and resources, regardless of where he or she enters the system.
2. Develop a one-stop resource linking seniors and adults with disabilities to services.
3. Help consumers have more control over decisions regarding the service they receive.
4. Allow professionals to spend more time focusing on consumers and less time searching for information or filling out paperwork.
5. Use technology to improve the access to, and delivery of, services for seniors and adults with disabilities.
6. Combine the resources, experience and energy of the public and private sectors to make a system that's right for everyone who needs long-term supports and services.

As of this writing, the service providers and vendors of aging programs utilize the web-based tool, a feature of the Aging and Disability Resource Center System for Information and Referral, Intake, Consumer Assessment, Enrollment and/or Case Management to better assist clients navigate through the myriad of services. The system is also used by aging program providers to submit their Units of Services; to report data on clients receiving aging services. Further, the system is used to generate the National Aging Program Information System (NAPIS) report.

The ADRC is funded using local funds and the Guam SOA has assumed responsibility for the continued implementation of the ADRC.

Consumer interaction with Guam GetCare information system

Key:

Consumer = An individual (typically an older adult or person with a disability) seeking and/or receiving long-term support services or, for the purposes of this chart, a person acting on behalf of this individual (e.g. a family member or a hospital discharge specialist).

Provider = A service provider / contractor part of Guam's "Aging Network." These include senior centers as well as entities providing adult day care, caregiver support, case management, in-home, legal assistance, nutrition, and transportation services.

The flowchart illustrates the I&R process, starting with a **DSC*** (represented by a blue person icon) who "Signs-on to GetCare and begins I&R process". The DSC's path involves: "searches for consumer info" (leading to "locates existing record or creates new record"), "records details of contact" (leading to "provides information and/or provides referral(s)"), "follow-up activities" (leading to "reporting"), and "Inquiry" (leading to "service provided / recorded").

A **Provider** (represented by a blue person icon) "Signs-on to GetCare and begins intake process". The Provider's path involves: "screening / assessment" (which includes "contact info / demographic data follow e-referral & are augmented as needed"). An "e-referral" (blue arrow) leads from the Provider to the DSC's "records details of contact" step. A "not eligible" (red arrow) leads from the Provider to the "service provided / recorded" step.

The "reporting" step (green box) includes: "NAPIS (annual) and reconciliation (ongoing) and operational (ongoing)". The "service provided / recorded" step (green box) includes: "consumer + service data", "Prioritization of Services", "Unit of Service Statement*", "Emergency Registry", and "Consumer Demographics".

*Providers also perform I&R in GetCare
